BITS and PIECES

ASSHOLE OF THE MONTH

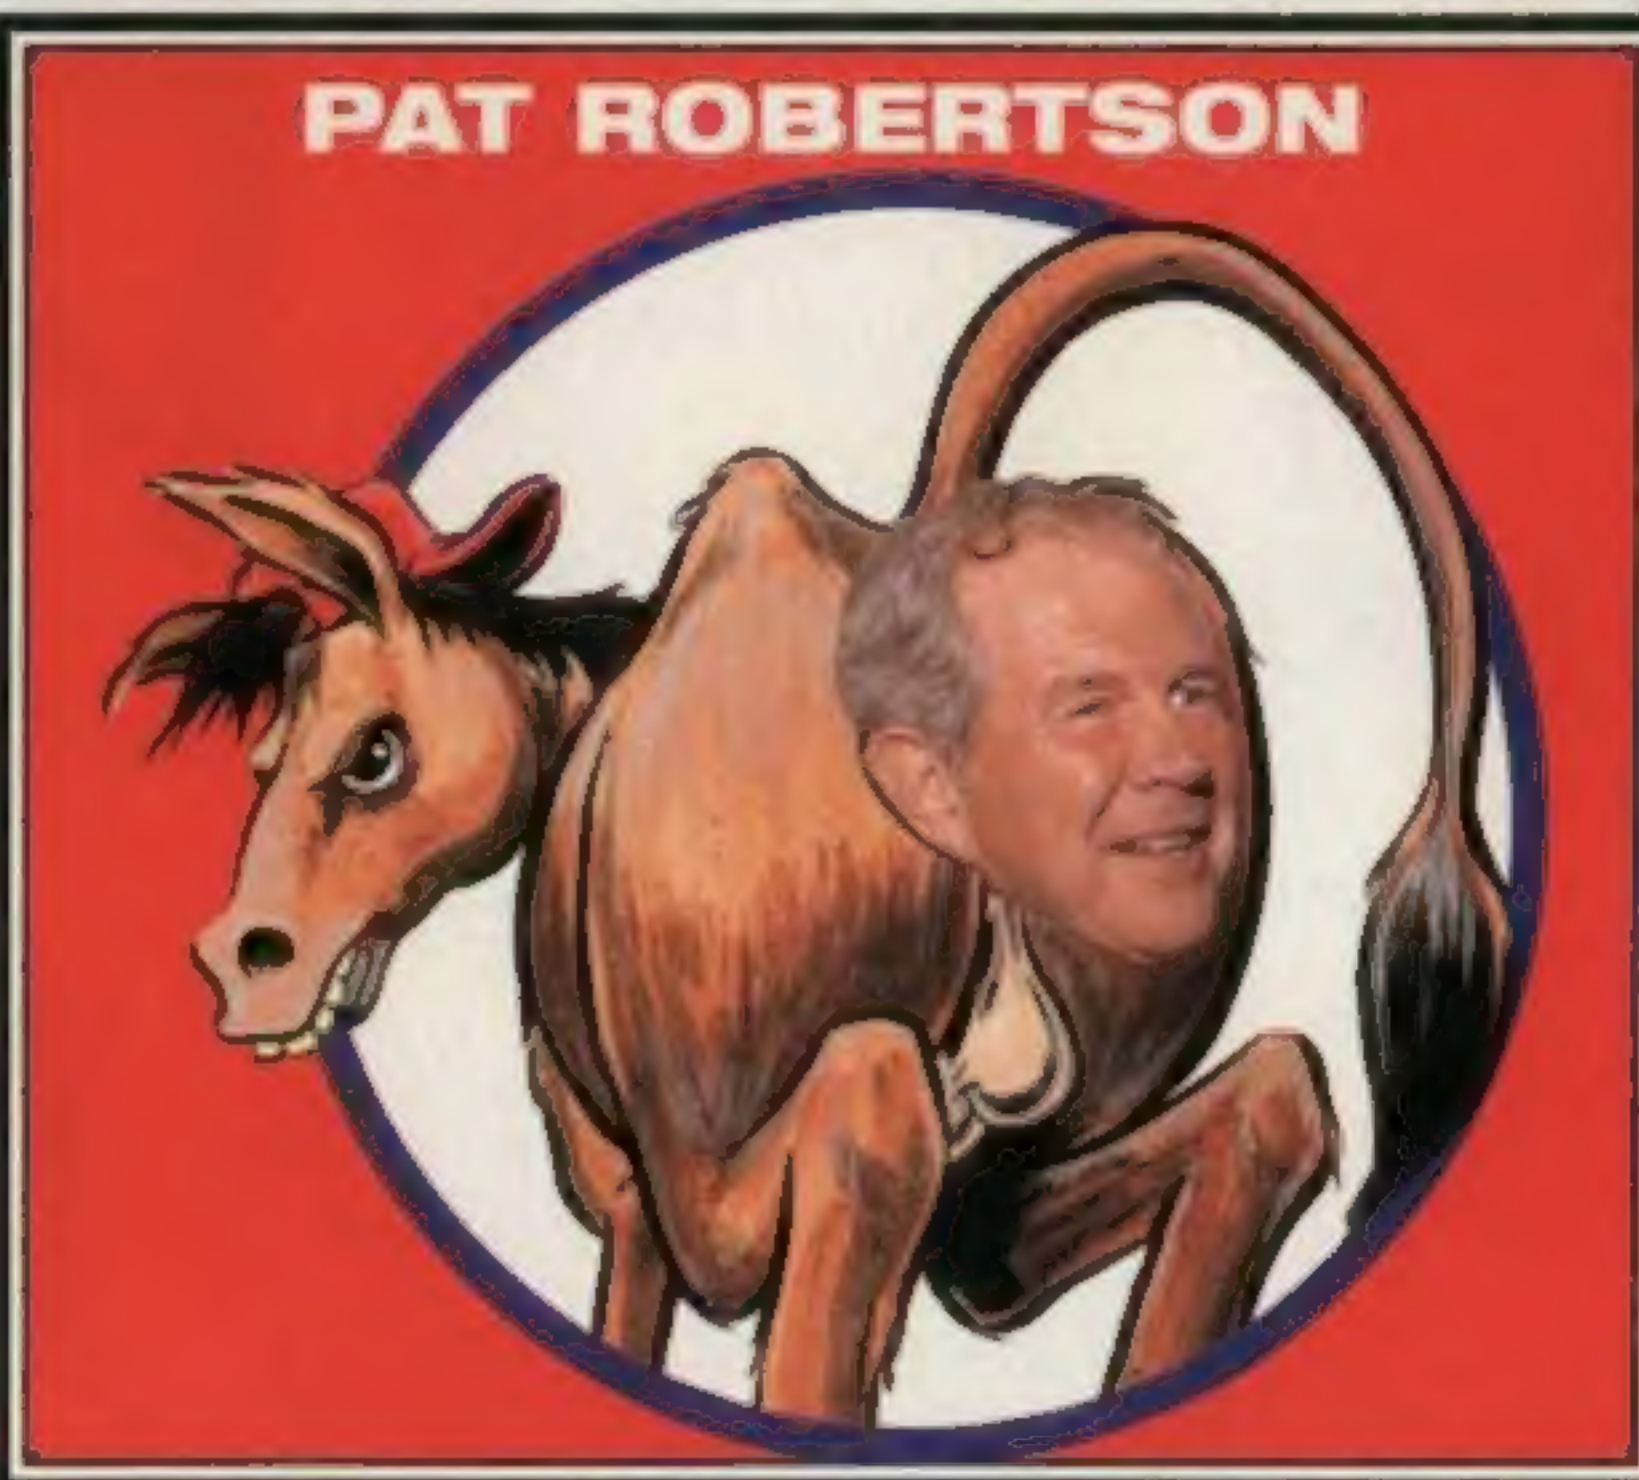

According to Jesus Christ, a camel is more likely to pass through the eye of a needle than a rich man is to enter heaven, which is to say that televangelist Pat Robertson's anus will pass Krispy Kreme doughnuts sooner than he will be able to wipe away the shit halo he earns by being crowned HUSTLER's Asshole of the Month for January 2000.

Pat Robertson is HUSTLER's first exalted sphincter of the new millennium because he is more than just a Presidential candidate, TV preacher and money moocher. Pat Robertson is Satan's chosen delegate on Earth. If Robertson meets the performance goals set by his true employer, he may yet be promoted to a position as the Antichrist.

Despite Lucifer's help, Robertson's influence in U.S. politics is waning. His Christian Coalition's 2.8-million membership was padded with dead people, one-time donors, duplicates and wrong addresses. The GOP bent to Robertson's pressure during the 1990s, but the Coalition is now largely shunned.

Pat's false prophecy is mostly confined to the Christian Broadcasting Network. As the host of CBN's *700 Club*, Pat scrunches his face and relays messages from God. "Somebody with prostate trouble is being healed by God's power! A bladder infection has been healed by God's power!" Appeals for cash follow, and precede, these revelations.

Satan's work is not cheap, and Pat Robertson's coffers are stuffed with the root of all evil. Robertson, who claims to be a follower of an unemployed carpenter, profited almost

\$90 million when his Family Channel went public. During its best year, his CBN raked in 135 million evil bucks. Pat's annual salary has been reported at a wicked \$435,000.

Beyond a steady flow of pennies from Satan, Robertson's television ministry allows him to promote bad works. On the August 10, 1999, *700 Club*, Pat announced that America should assassinate foreign dictators. "It sounds evil, but they have killed numerous people, and the idea that you would take one of them, you know, dispatch him....I just don't see anything un-Christian about it."

Would Jesus sanction murder? No, but Pat's Dark Lord would. Satan will also eagerly enter into covenants with evil dictators, just as Pat does.

Mobutu Sese Seko ruled the African nation of Zaire for 30 years. Mobutu is credited with killing hundreds of thousands of Zairians. Mobutu's infamy didn't stop Pat Robertson from consorting with the dictator to solidify Robertson's holdings in Zaire's for-profit diamond mines.

Robertson, pursuing an interest in prospecting Liberian gold, has also courted African strongman Charles Taylor, who is widely blamed for a civil war that killed or uprooted half his country's population. Perhaps once Robertson has extracted all the gold from Liberia, he will do his Christian duty and murder Taylor.

One of the few things that ever pissed Jesus Christ off was money lenders in the temples. Yet, in

February 1999, Pat Robertson tried to join the Bank of Scotland in launching an American lending business. Using the millions of followers in Robertson's twisted ministry as its customer base, this bank, in effect, would have established a money changer in the temple.

The deal queered, and Robertson scorned Scotland as "a dark place overrun by homosexuals."

Robertson sees gays as part of a liberal cabal persecuting his inverted brand of Christianity. "Soon, I fear, without God's intervention, we can expect the same treatment that the Jews experienced in Nazi Germany."

In truth, Robertson, like the Nazis, has no more tolerance for opposing views than Satan has for good intentions. "You've got people who are living together outside of wedlock, who are engaged in fornication. Are you going to kill them all?" As if in answer to his own question, Robertson has endorsed the practice of stoning outsiders to death.

The other thing that pissed Jesus Christ off was zealots who would stone someone based on that person's sexual preferences. Should Pat throw the first rock? His oldest child was born a mere ten weeks after Mom and Dad's wedding.

Pat Robertson is an anti-Christ Christian. He asks not what Jesus would do. Pat believes he better understands God's will than does God's son. For a similar arrogance, the archangel Lucifer was banished to hell. The Supreme Demon has been praying and scheming there ever since, waiting for an Asshole like Pat Robertson to come along.

Jesse Ventura: Minnesota's governor brings the same name-calling to the political arena that he tossed around the wrestling ring. Ventura has threatened to deny interviews to his state's second-largest newspaper because it criticized him. "The *St. Paul Pioneer* is triple-X," said Ventura, referring to that paper's ads for adult enter-

FARTS IN THE WIND

tainment. "They are lining their pockets with pornography." Coming from a man who has a room named after him at Nevada's Bunnyranch brothel, Ventura's moralizing has the hollow ring of an open Asshole.

Reverend Lou Sheldon: Founder of the Traditional Values Coalition,

Lou Sheldon has accepted thousands of dollars from the gambling industry. Sheldon claims the money was used to stop the proliferation of card clubs. "The devil had the money long enough," said the Rev. "It was about time we got our hands on it." The devil can afford to share, but only with high-return Assholes like Lou.

Hillary, Forgive Us

The HUSTLER editorial staff knows that your campaign trail is long, hard and full of enough jizz without our jeering from the sidelines. We faked this photo because we all had difficult childhoods, just like your husband. It was no bed of roses. Our alcoholic step-fathers came after us for free subscriptions. The other magazines did cruel imitations of us. Somebody shot our Publisher. We can't excuse our actions, but we hope you can understand the roots of our weakness for lashing out at public figures, and give us another chance.

Girl-Girl Toilet Love

While thumbing through my new subscription copy of *HUSTLER*, I came across Tess and Tyson (*Tess and Tyson: Dine and Gash*, December 1999) and was immediately stunned into a boner stupor. These bitches are unbelievable! Eating pussy on the john? Grinding dildo and finger-banging action? Simply incredible. Handcuffed on the dirty floor, grinding coochie and plunging two fingers inside tasty and slippery vagina is almost too much for my mind to take. How were you ever able to convince Tyson to allow her roommate to dunk her head in the toilet? That alone must've started a catfight. Both of these bitches are such fantastic beauties that I can't imagine how they would dare dunk heads in a dirty toilet swirlie. If this is what women do when they go to the bathroom together, I want a permanent front-row seat!

—C. P.
Kansas City, Missouri

Looks are deceiving. Tess and Tyson were not as clean as you might imagine from looking at them. In fact, Tyson's hair smelled pretty bad until her girlfriend gave her that swirlie and washed all the musk out.

Jackie's Porn Future

Jackie (*Jackie: Hot Flash*, November 1999) is absolutely gorgeous. Are there any plans to feature her in a hard-core boy/girl layout? Also, can you tell me whether or not she has appeared in any adult films, or if she has a Web site?

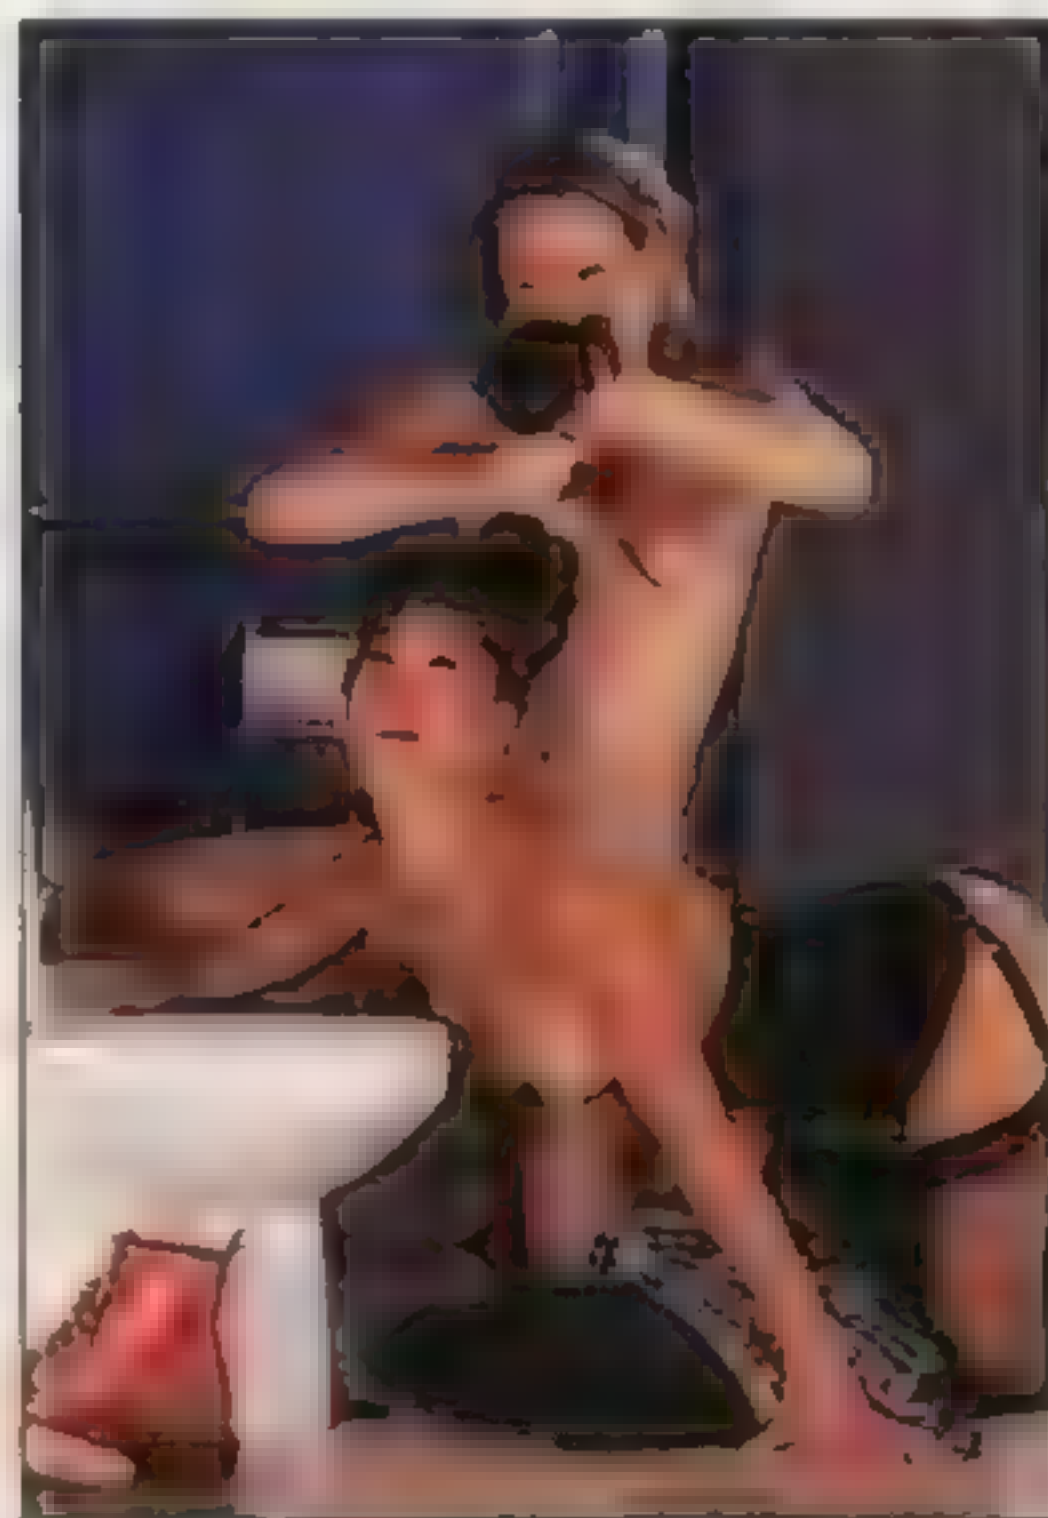

—R. B.
New York, New York

*Unfortunately for the world, the lovely Miss Jackie is not a porn starlet, nor does she have a Web site devoted to her exceptional beauty. As of press time, there are no concrete plans of featuring Jackie in a future *HUSTLER* pictorial. Let's hope that the positive response to the sexy, all-natural brunette will inspire her to return. A pairing with another girl wouldn't be a bad idea either. What do you think?*

Anastasia

I appeared in *HUSTLER*'s *Beaver Hunt* in the October 1999 issue, and I want to thank you for printing my photo. Thanks also for an excellent article on my hero, punk-rock legend GG Allin (*Live Fast, Die: The Last Days of GG Allin*, October 1999). My compliments to your staff of fine professionals. Keep up the good work.

—Anastasia
New York, New York

Tess & Tyson: *Dine and Gash*

Hero worship is so un-punk, but thanks for the praise, and for stripping naked and exposing your freaky, tattooed flesh.

More Raunch

The November *HUSTLER* was so plain vanilla, I thought I was looking at a fucking *Penthouse*! Your absolute lack of lesbian toe-sucking shocked me. Why not do more pictorials with Gia (*Gia: Portrait of a Lonely Lady*, April 1999)? Gia seems to be the source of some interesting controversy. Personally, I would love to see more of her/him. I wonder what Gia's detractors would think of seeing her in the male role in a boy/girl spread? It would also be nice to see a guy being dominated and fucked in the mouth and ass by two hot chicks with strap-ons. What do you think?

—J. S.
Cuyahoga Falls, Ohio

*You are one twisted individual. Variety is the spice of life, but it seems that you'd swallow a canister of paprika and forget about the food. Are you familiar with *HUSTLER*'s kinky sister publication *HUSTLER'S TABOO*? Your strap-on fantasies become hard-core realities in *HUSTLER'S TABOO*.*

Piss Fountain

When I came to page 27 of your November '99 issue, I sprouted an instant hard-on. Melanie and Nicole (*Melanie & Nicole: Law & Ardor*) combine forces to

provide one enormous turn-on. Did it take much prodding to talk Melanie into drinking Nicole's piss, or did she jump at the chance to do it? Wow! I showed the picture to my wife, and she thought that it was so hot that she borrowed my November HUSTLER to show her best girlfriend.

—B. K.
Warren, Michigan

Melanie was more than eager to drink her girlfriend Nicole's piss—the breakfast of lesbian champions.

Backstage Porn Pass

How about taking the HUSTLER readers behind the scenes in the making of a porn flick? I'm interested in written commentary along with supportive photography about the entire process. How long does it typically take to put the movie together? When does a day of shooting begin and end? What acrobatics does a cameraman go through for extreme close-ups? How many cameras might be in use at a single time? What happens if the stud can't produce a woody? How many people are on the set for a simple bedroom scene? How much latitude is there for the stud to pop? Are there instances where the whole set turns into an orgy? Obviously, I don't know a thing about the making of blue sex vids, but I can't help but wonder how it all comes together. I bet other HUSTLER readers have the same, and perhaps many more, questions regarding the making of porn.

—G. E.
Sanford, Florida

You're in luck. The January 2000 issue of BARELY LEGAL features a behind-the-scenes report on the making of BARELY LEGAL: The Movie. Corky, the spokes-girl for BARELY LEGAL Magazine, describes her involvement as a fluffer in the legal-teen sex-vid classic. Be sure to check out the video and learn about all the inside gossip and juicy XXX details in the January 2000 BARELY LEGAL.

Sick Sex Acts MIA

I enjoyed reading the wacky sex definitions in the November issue of HUSTLER ("Newfangled Fuck Fun: Sexual Depravity for a Jaded Age," Sex Play, November 1999), but many crucial descriptions were missing. Here are a few more that I'd like to share with you:

- 1) Coney Island Floater: When a used condom escapes the sewage system and finds its way into an open body of water
- 2) Cleveland Steamer: After shooting your load, take a dump on the girl's chest.

This same definition has been used to describe the act of taking a shit while receiving a blowjob.

3) Harry Houdini: After having sex doggy-style, pull out and drool on the girl's back, faking that you've shot your wad. After faking orgasm, turn the girl over and shoot your load across her face. (This requires a bit of acting ability.)

4) Reverse Harry Houdini: The opposite of the Harry Houdini requires a person to jizz on the girl's back and spit in her face.

5) Michigan Schnauzer: Toe-fucking your lover, then forcing her/him to sniff and suck the shit-stained toe.

6) Docking: When a man shits into a girl's pussy.

There are many more that I've heard of that weren't on your list, but these are the first few that sprang immediately to mind.

—C. M.
via Internet

You obviously take your sexual experimentation seriously. Thanks for setting the record straight, and good luck in hell.

Beaver Hoopla?

I am a Beaver Hunt nut. I really enjoy the amateur photos, knowing that stupendously hot women actually exist in every corner of the globe; I just hope it's not hoopla. I'd hate to find out that those pictures are fakes. Who judges the photos you

receive? I follow the *Beaver Hunt* contest and look forward to each new winner. You should feature a *Beaver Hunt* winner every month. I'm also a big fan of the magazine BARELY LEGAL. The amateur girls featured in *Corky's Clubhouse* are even more gorgeous than the *Beaver Hunt* ladies, as if that were possible. My only recommendation is that you make both amateur sections longer.

—B. T.
Mebane, North Carolina

Fakes? Hoopla? The Beaver Hunt girls are so real, you can almost taste their authentic, rich flavor. The girls featured in both Beaver Hunt and Corky's Clubhouse are chosen from reader submissions—these are impossible to fake. Winners are chosen by the editors of each magazine based on quality and model availability. Special issues devoted to HUSTLER's Beaver Hunt are released annually, so visit your newsstand often. A special edition of Corky's Clubhouse has never been assembled, but might be considered. Hoopla? No. Real hooters? Yes!

FEEDBACK

around as long as HUSTLER. The first thing I need to know from you is this: What does it take to sustain the type of success that HUSTLER has been fortunate to achieve? Are the number of employees vital to a company's start-up? If so, what is the most feasible number? Would it be advisable to use a certain amount of professional support staff, such as photographers, makeup artists, cameramen and script writers? Do you think I could make do with amateurs for the first year? How do you find your models? Do you hunt for them on the Internet? Should I approach beauty contest winners, or find girls at the mall? I would appreciate any helpful advice you are able to give on these matters. —J. L. Delano, California

Rule #1: Keep all secrets secret.

God Is HUSTLER

Since God is everywhere, that means He must be in HUSTLER as well. With that said, don't you think it would be appropriate for HUSTLER Magazine to be used as a vehicle to help witness an acknowledgment of God's being? I thank you for your time and consideration in Jesus' name. God bless you always. —G. G. Ooltewah, Tennessee

Isn't it obvious that displaying heavenly HUSTLER Honeys—naked, in the image of God—gives proof of His divine existence?

Dear SLUT

JEANNA FINE TELLS THE
FUCKING TRUTH

This month in her regular column, porn legend Jeanna Fine responds to readers seeking erotic enlightenment. She invites you to drop her a line and join her on the fearless quest for the fucking truth.

ANAL FREAK

I'm a 22-year-old married woman with a couple of sexual problems. It seems that when I masturbate, I can only have an orgasm if I use a vibrator. I hate this, because it leaves me no chance for variety. Also, when I'm having sex with my husband, I can only orgasm with some sort of anal stimulation. I feel like I am a disappointment and a freak. Do you have any clue why I am having these problems?

—R. B.

via Internet

I myself have experienced vibrator addiction. I had to suffer severe withdrawal and many disappointing orgasms before getting clean of this vice. When I first discovered masturbation in my early 20s (my sexual awakening), I would sit in front of a mirror with lots of lube, poppers and a vibrator, and pleasure myself over and over again. Eventually, I found myself in the same predicament you are in now. The only way I could come was with a vibrator. These orgasms left me less than satisfied because they were so quick and so intense. It was very difficult to extend or have any kind of variation with my orgasms. It took a lot of time and self-control to wean myself off the vibrator, but it was well, well worth it. Now, my orgasms are controlled completely by me, or by my partner, with no battery-operated assistance. Vibrator dependence is a very common affliction. When I counsel women with this problem, I try to talk them out of constant, daily vibrator use. Take the time to rediscover your body on your own, with your own fingers

or those of your partner. Abstain from sex of any kind for at least a week. Take the batteries out of the damn vibrator, chuck it out the window and start from scratch. Get to know and love yourself by yourself. Only then can your body receive and respond to the real thing.

CUM GEYSER

My girlfriend is a cum junkie. She constantly has to suck my payload down her throat. Every time we have sex, she sucks me dry. She saw an ad for "cum-gusher pills," and she wants me to order a bottle to satisfy her cum cravings. I'm very careful about what substances I place in my system, because my job depends on it. What exactly are cum-gusher pills? Would they show up on a drug test? What are the side effects of such products?

—W. J.

Biloxi, Mississippi

I'm not familiar with these pills and have not seen the ads you describe, but I imagine they must be vitamins of some sort. I would be wary of any product that promises to make your body produce bucketfuls of sperm. The main studio

studs I've worked with over the years—famous squirts such as Jon Dough and Peter North—never took such pills. Healthy sperm production requires taking excellent care of your body. Peter North is the perfect example of the healthy-body, healthy-cum-squirt principle. Peter is constantly in the gym pumping up his muscles. Working out helps the blood circulate in other muscles, as well as glands. I have noticed that many health-conscious porn studs drink protein shakes before scenes. I don't know if it's simply a muscle-building thing, but it stands to reason that carbohydrates, a proper diet, plenty of rest and lots of water help to create a healthy, orgasmic male. Cigarettes and alcohol are known sperm killers; so avoid these vices if you want to increase your load. Do your push-ups, avoid drugs that sound too good to be true, and keep your job.

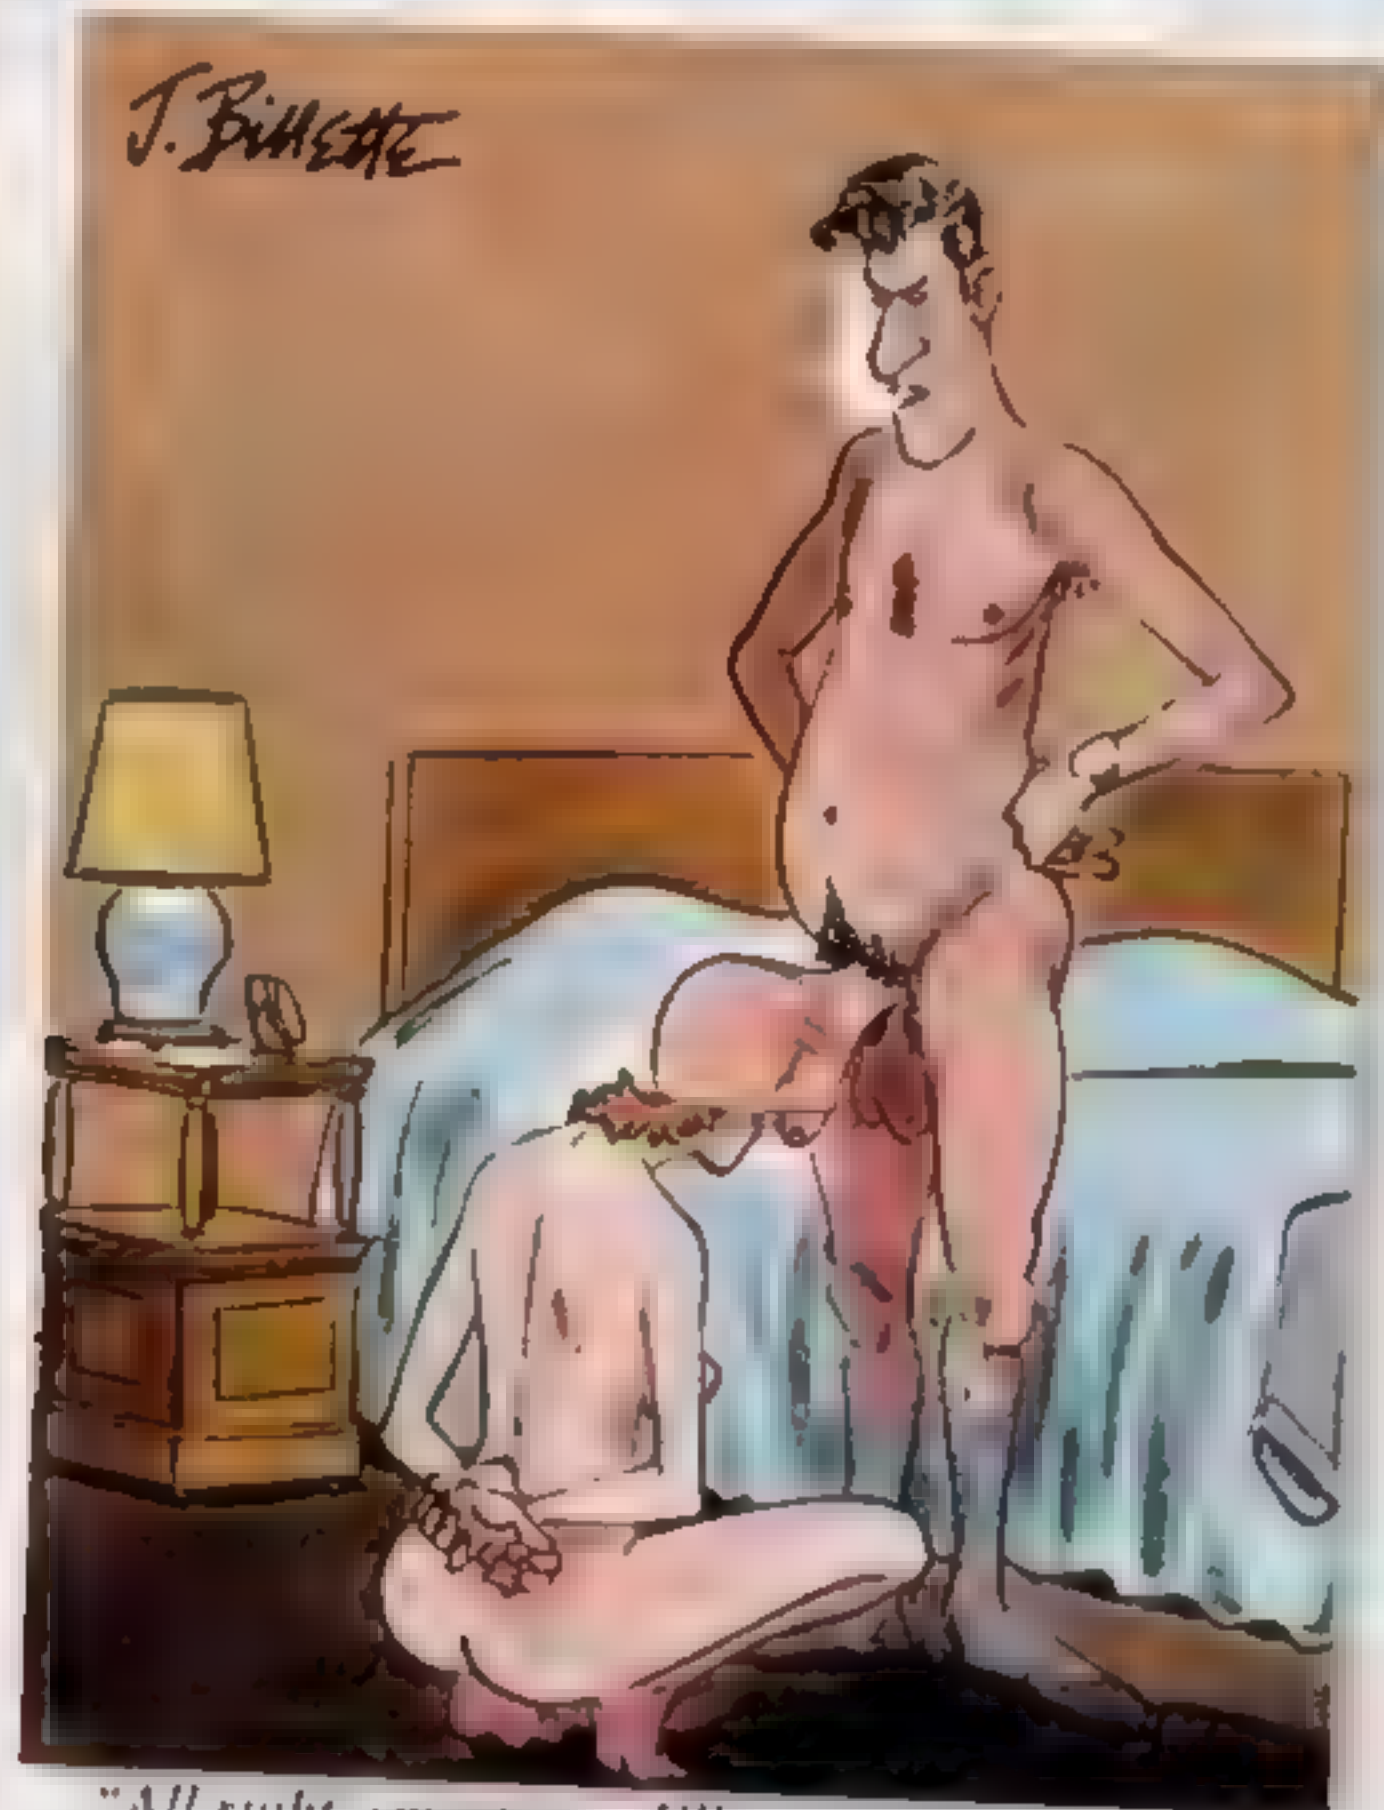

SWINGER NIGHTMARE

My wife and I have answered several ads in swingers magazines, but most turned out to be phony. We did end up being invited to a swingers party adver-

tised in one of the personal ads and were disappointed to find that most of the people there were more interested in boozing it up and smoking pot than having sex (my wife and I don't smoke or drink). We did, however, meet a very well-endowed black man who had the pleasure of fucking my wife while I watched. Unfortunately, he turned out to be a pimp, and now he wants my wife to work for him. He even came to our house to try and persuade her, but we called the cops on him. All we want to do is have sex and have fun. Is there any place that you know of in the Midwest where my wife can fuck a nice guy without having to deal with boozers, potheads or pimps?

—C. H.
Kansas City, Missouri

Please do not invite strangers to your house—that's why hotel rooms were invented. In the search for free-loving cock, you will meet every idiot along the way. Out of 50 idiots, you'll be lucky to find one decent swinger. All of your meetings must be handled in a public forum, never in your private home—unless you have no problem packing your bags and moving after the guy turns out to be a stalking psycho who pounds on your door with his crazed wife behind him. We have to be very careful with our private lives, especially in this day and age. It only takes one freak to fuck up your life. Today, the Internet is king. It's really easy to find partners to choose from online. You two have the advantage of being the couple. You can select those who fit your needs and weed out the rest. The search is hit or miss. Be very careful and meet at a hotel. If someone pressures you, back off. Never give your home address to a stranger again. There are many nice guys out there for you to have fun with. Relax. Sometimes the guys you meet are just as nervous as you are.

GAG-ILINGUS

Almost every time I go down on my girlfriend, I start gagging like I'm going to throw up. This reflex doesn't occur all the time, but enough to make her feel that there is something wrong with her. It kills me that she believes this, because she has very good personal-hygiene habits; she cleans herself inside and out. I've told her that it's not her fault that I gag, because this reaction happened when I sucked my last girlfriend's pussy too. What's wrong with me? Am I psychologically fucked up? Please help me

solve this problem so I can please my girlfriend without gagging.

—M. L.
Connersville, Indiana

This does sound like a psychological dilemma. You are psyching yourself out before your face even reaches your girl's pussy. You are replaying a repressed memory in your mind before you face the music. This bad habit has conditioned you to feel sick—just like Alex was programmed to feel sick at the thought of sex in the movie A Clockwork Orange. Perhaps a conversation with a sex therapist could help lead you to the pussy water so you could drink of it without feeling sick.

ANAL INQUIRY

I have been considering letting my husband fulfill one of his fantasies: anal sex. In the December 1999 HUSTLER, a story on the porn star Mila gave me second thoughts. This chick has the most disgusting prolapsed rectum. Does a distended colon happen to everyone who engages in anal sex, or just in rare cases? Please let me know so I can make a decision.

—D. B.
Reno, Nevada

Girls in the porn industry today are taking two or three cocks at a time; it's all about being the freak of the week. Prolapsed rectums come from strenuous, multiple anal-sex poundings, double fist-ing and champagne-bottle plunges. Your chances of having anything that extreme happen to you from simple husband-and-wife anal-sex play is pretty slim. Here's a suggestion: Before your man giveth, make sure he taketh—at least your pinkie. This way, he will come to realize how sensitive he must be while drilling you anally. Use lots of lube, patience and foreplay first. Your sphincter muscles must be relaxed before any insertion is possible. He must not start at A and go directly to Z. Talk dirty, spit, stimulate the clit, lube hole number one and number two before the big moment, and I assure you both will have oodles of fun.

Special agent Austin lures Kalla back to his groovy love pad, only to find that he has become the prey.

"Tell me where the plans are, or I'll blow your brains out!" Kalla demands.

"I've got your plans right here, baby," Austin simpers saucily, tugging at the crotch of his trousers.

"Unzip it!" the diabolical beauty snaps

Austin complies, unleashing his secret weapon. "Meet Maxi-Me! Start blowing, baby!"

The randy spy tackles Kalla, applying a choke hold to the comely double agent's throat with his double-barreled crotch rocket.

"I put the *king* in fucking, baby!" Austin growls.

Subdued by Austin's wiles, Kalla surrenders. "Oh, misbehave!?"

HOT LETTERS

WHY TWO CAME

I don't know why everyone's making such a big deal about the Y2K virus. I'm a hot blonde with big tits, a plump ass and a pretty face. How the fuck am I going to be affected? When the ball drops, is my uterus going to fall out? Are all the sugar daddies who finance my every waking moment going to turn queer? Give me a break! A bunch of nerdy losers are crapping in their size-48, peanut-butter-stained pants because they won't be able to read the latest *Star Wars* rumors for a day or two. Yet I'm supposed to spend my Saturday at the office for a Y2K drill. I could be out making some real money by indulging in my favorite off-the-clock activity—fucking!

No, I'm not a whore, although the uptight, aging cunts in the cubicles surrounding mine may disagree. I simply appreciate the financial benefits of sucky-fucky. All women, if they were honest, would admit that hard cash is a much bigger turn-on than hard cock. At my office, the two richest executives are a pair of the aforementioned *Star Wars* dorks. Their names are Scott and Ivan, and man, oh man, do they smell funny when crammed into a broom closet.

"It's a Y2K shelter," Scott snorted, "not a broom closet." Then he snorted again. I could feel him fumbling for his respirator in the cramped confines. Or was he fumbling for something else? His hand seemed to linger on my inner thigh for a surprisingly bold length of time. Maybe he only had the balls to make a

pass in total darkness, when the vaginally blessed recipient's disgusted expression was not visible.

"Yeah," chuckled Ivan. "We asked you in here to replicate a Y2K-related black-out." Ivan is several feet taller than the diminutive Scott, and a proportionately bigger loser. I wondered if his proportions extended to any more interesting lengths. Judging from the rigid firmness pressed against my miniskirt, my suspicions of his hose-monster status were correct. Unless, of course, his slide rule had fallen out of his pocket.

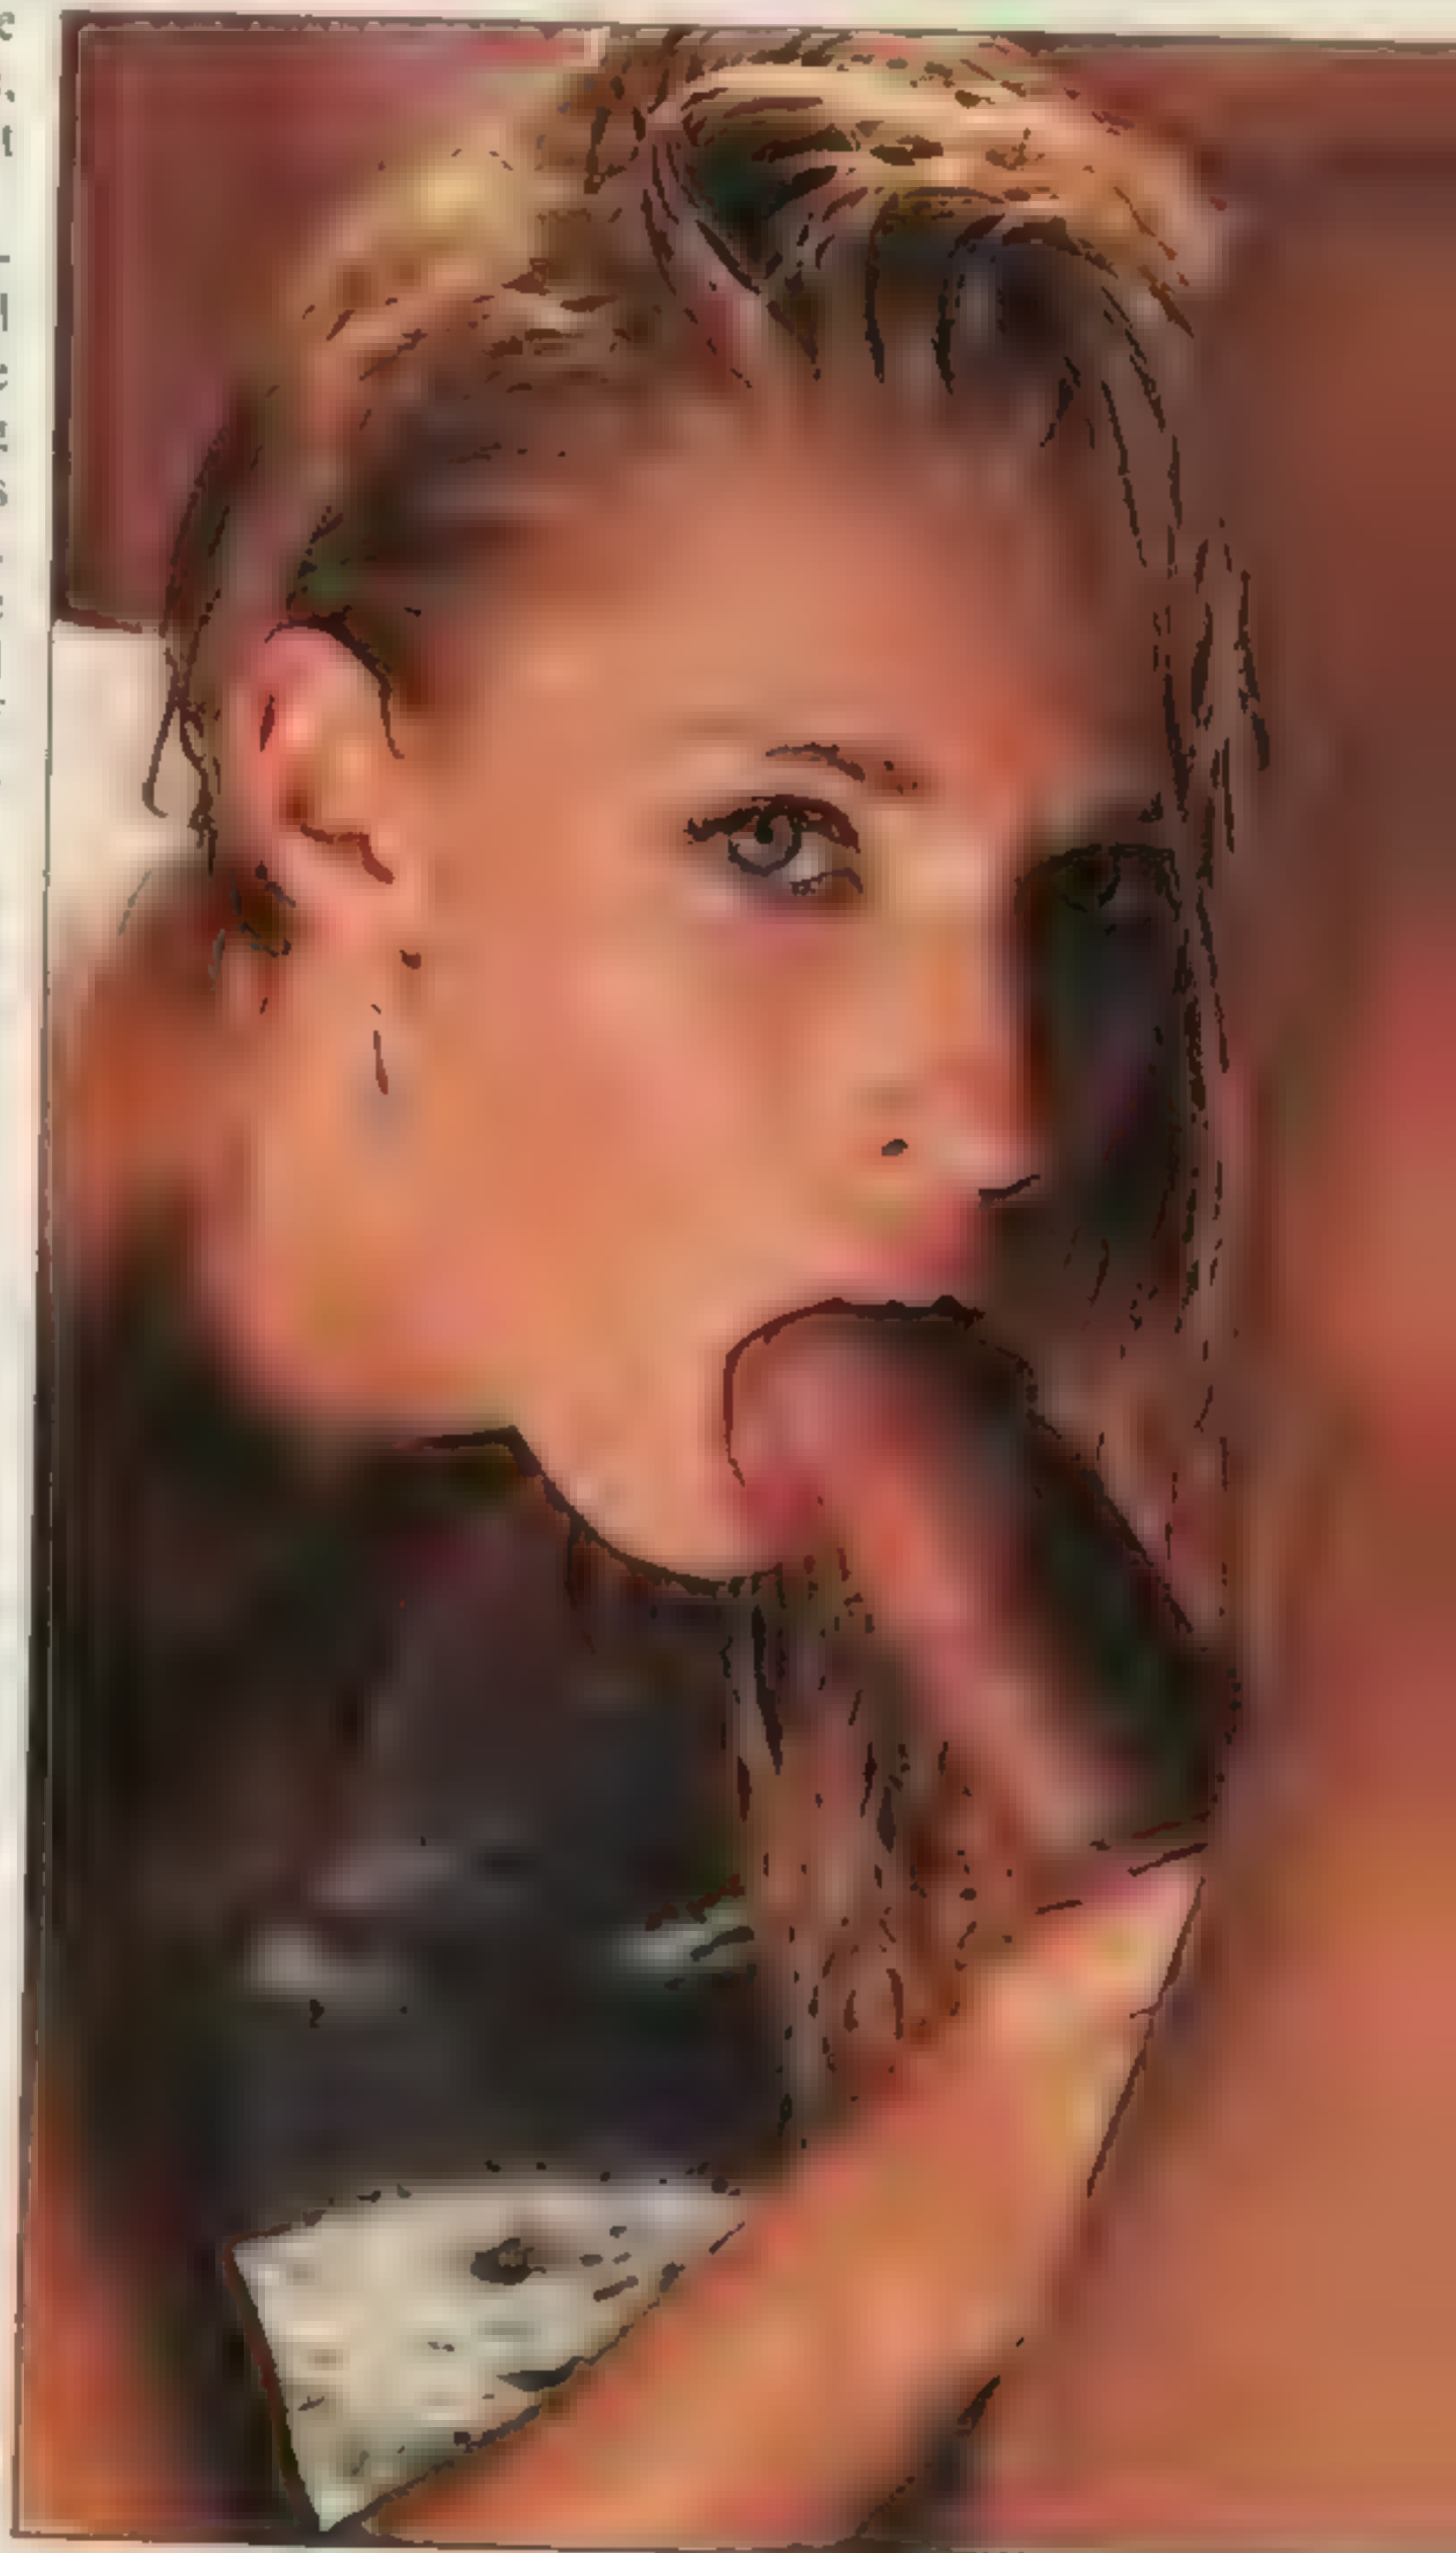

I may be a big-titty air-head, but I'm not a total fucking moron—unlike the two mental giants copping quick feels of my ripe ass and soft, jiggling jugs. They lured me into the broom closet to fuck. I intended to walk out of those smelly confines covered in jizz and carrying a pair of big, overstuffed wallets. My left hand danced toward the rigidity knocking at my back door; my right hand fiddled to find Scott's pencil dick. Instead, I discovered yet another bulge of impressive girth. Perhaps the task would be more pleasant than I thought. After all, the lights were off; I could pretend the drooling geeks were two of the kids from *Dawson's Creek* (my favorite wank fantasy). The sound of twin zippers releasing filled the acrid air, then I heard Scott moan.

He gasped, "I'm coming," and shook like an epileptic. Come to think of it, Scott is an epileptic, but these were the convulsions of the first orgasm he didn't pay for.

"Did...did she touch your wiener?" Ivan mewled. Before his *Dungeons & Dragons* partner could answer, my fingers had wrapped around his thick, hairy pole. One quick stroke was all it took for Ivan to unload a hot blast of nut butter all over my wrist. I sighed and pulled off my silk blouse to wipe up the gooey mess.

"Boys," I said in a stern tone. "You're going to have to do better than that to

Hot Bods & Tail Pipe 10

Directed by Stoney Curtis
starring Shelby Myne, Jill Kelly,
Sonja Redd, Corknee, Dee Baker,
C. J. Bennett, Obsession,
Alexandra Nice, Herschel Savage,
Mark Davis, Pat Myne and Eric Price.
Videocassette: Seymore Butts Home Movies

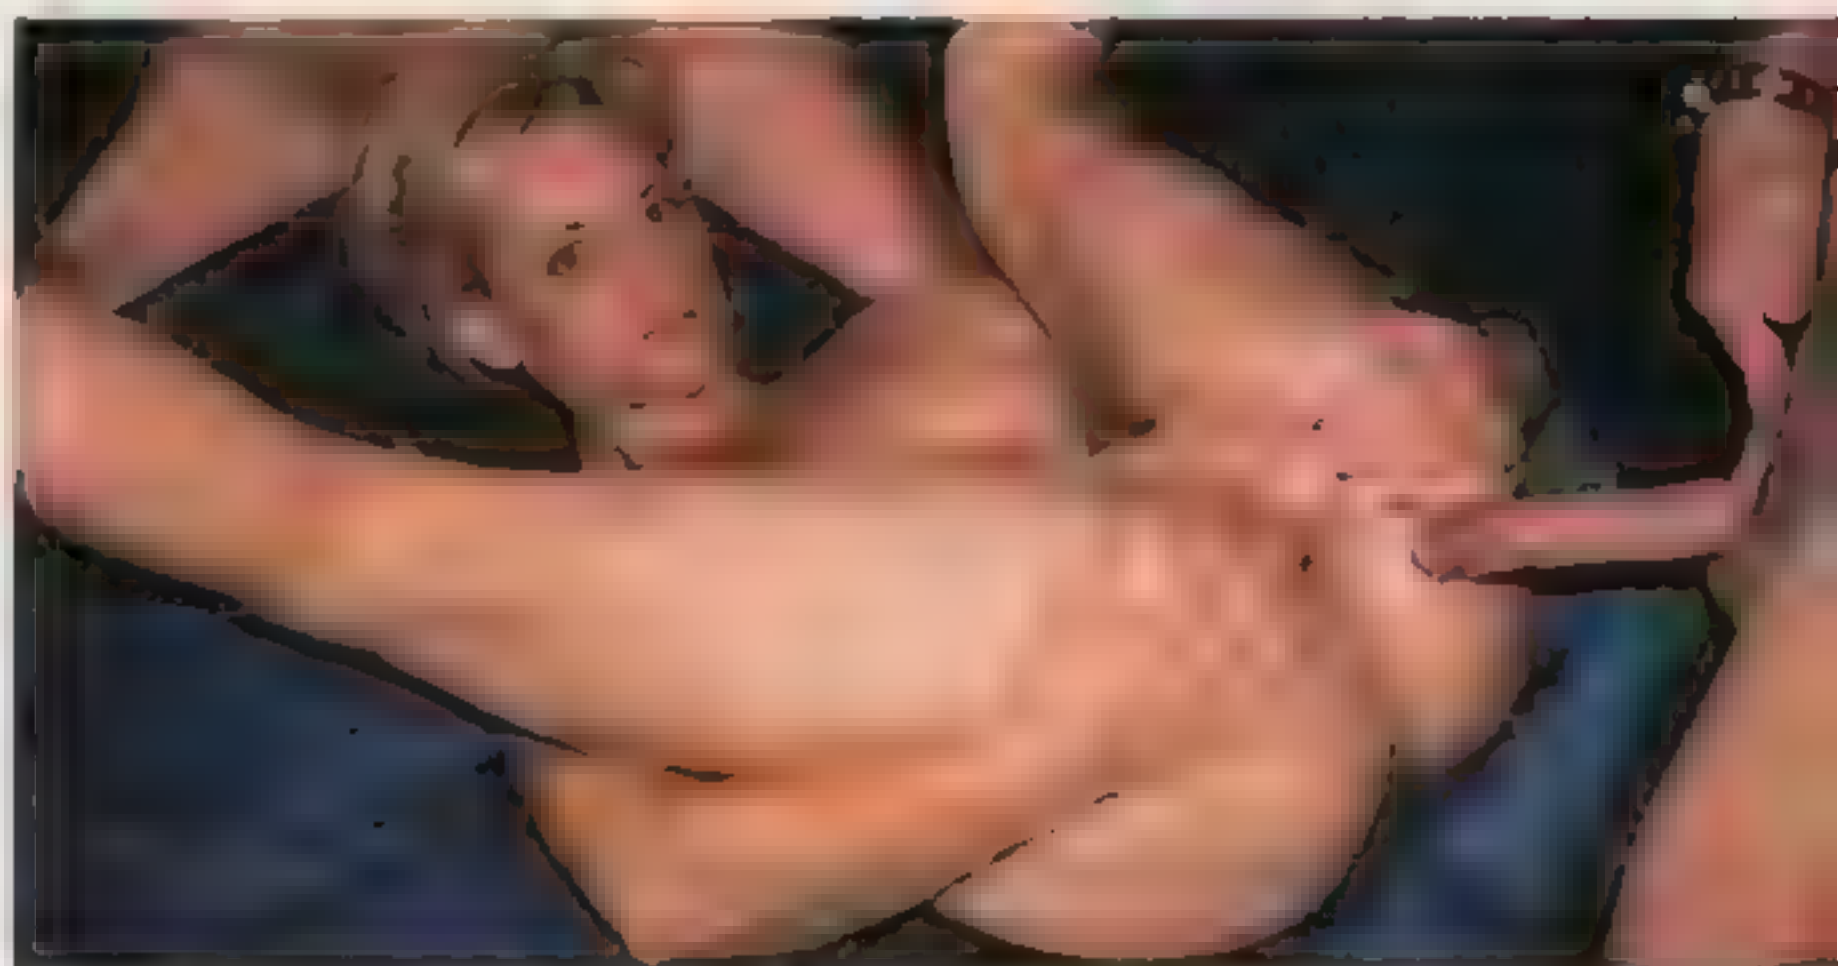

Playing off the well-established sexual symbolism of the automobile, the anally inclined *Hot Bods & Tail Pipe 10* takes the Threeway Freeway to the Hershey Highway and delivers the armchair jerkoff to a state of arousal. Lured by Herschel Savage's cherry '57 Oldsmobile, dusky smut goddess Dee Baker and pageboy-coiffed blonde C. J. Bennett kick things off in high gear. Baker's toned curves and flawless headlights evoke a classic Corvette. The pitiful Bennett's appeal is less immediately apparent, but becomes obvious as she ravenously hoovers Savage's fuzzy dice. Bennett straddles the porn giant's lap and pounds her colon on his prong, periodically disengaging to lap her own bowel residue from Savage's dipstick.

HOT BODS & TAIL PIPE 10
Baker straddles Savage

The well-nuanced, ass-centric smut continues when mocha-colored dong gobbler Obsession hawks sputum onto Mark Davis's lap log before guiding it into Alexandra Nice's gleaming asterisk. Further on, Eric Price grips former real-life companion Jill Kelly's hair and rudely jabs her tonsils with his swollen glans. *Hot Bods & Tail Pipe 10* is an autoerotic thriller.

HUSTLER'S BARELY LEGAL SHAKENBAUER WITH EYE SCORCH

Since its 1993 inception, HUSTLER'S BARELY LEGAL has been the magazine of choice for hardening aficionados of postadolescent females. This September the celebration of sexual debutantes spilled over onto the obscene screen with the first edition of BARELY LEGAL Video.

Like its print forebear, BARELY LEGAL Video (which is being produced by LFP Video) chronicles the sexual coming-of-age of numerous newly adult nubile. The difference is that in the video version of BARELY LEGAL the hymen-shredding action is captured in full hard-core glory. Notable deflowerers in BARELY LEGAL #1, which was codirected by venerable HUSTLER photographer Clive McLean and Chris

Shakenbauer, include September 1999 BARELY LEGAL alumnus Aliysin Chaynes, collish blonde Anastasia and blue-screen newbie Bunny Love, whose recently emancipated curves grace the back cover.

The logic behind expanding BARELY LEGAL to the video arena is simple according to LFP Video's Mark Kulkis. "It's one of the best-selling magazines on the market," notes Kulkis. "Everyone else has been having a lot of success with these young-girl videos, so now we're gonna show 'em all how to do it right."

(Interested nymphs are encouraged to call 888-249-3527 for information on appearing in future installments of BARELY LEGAL Video.)

This Year's Blond Y2K

ONE-QUARTER
ERECT

Directed by Jerome Tanner
starring Bobbie Bliss, Chloe, Ken Windsor, Taylor St. Claire, Tara, Jack Hammer, Evan Stone, Michael J. Cox and Kyle Stone. Videocassette: Legend

No doubt the makers of *This Year's Blond Y2K* hoped to capitalize on the premillennial hype with its crisis-referencing title. After watching this snoozer, one wonders: *Did the scum-mongers inadvertently jinx themselves instead?* *This Year's Blond Y2K* has nothing to do with crashed bank computers or air-traffic equipment gone haywire, but its effect is nearly as distressing. Betrothed lovebirds Jack Hammer and Bobbie Bliss celebrate their impending nuptials by locking loins. Hammer's crude tattoos and haggard mug suggest a previous career on a chain gang; Bliss's stringy hair and blank gaze bring to mind a homeless junkie. Recontextualized, their scene would make an effective True Love Waits recruiting tool. Blond, matronly Tara, cursed with the face of a rodent and an elephant's wrinkly posterior, further dismays viewers. Evan Stone's steely beef baton plunges between the bloated bimbo's grayish cunt flaps, evoking images of a plumber's snake routing a shit-strewn toilet. *This Year's Blond Y2K* is virulent. —S.A.

Hot Ice: Asian Eye

HALF
ERECT

Directed by Jon-Jon Dice,
starring Reiko, Syren, Tyleno Tan, Rosy Rocket, Stacy Pink, Chocolate, Gina Roma, Mike Horner, Claudio, Kyle Stone, Dave Hardman, Dick Nasty, Titus Moody, Les Moore and Greg Wayne. Videocassette: Sin City

The "Asian eye" in *Hot Ice's* subtitle is a 92-carat diamond that its cops-and-robbers plot revolves around, though there's no shortage of yellow-skinned ladies to be found among the semen-spilling thriller's cast. Stacy Pink (billed in other XXX fare as Kasorn Swan) initially frightens viewers with her transsexual mien. After Mike Horner ends this unpleasantry with

a dollop of ball batter across Pink/Swan's manly collarbone, the proceedings take an upswing. Kyle Stone drives his meat mallet into a comely Far East nymph. The slatternly slant's bounteous, organic milk bags spin like pinwheels in a hurricane as Stone plunges her girl groove. Saffron harlot Reiko bends her lean, rice-fed haunches toward Dave Hardman, who drives his blood bone into her wiry snapper. She screams as if bamboo were being jammed under her fingernails before catching a stream of spuzz between her pebbly, brown tit spouts. *Hot Ice: Asian Eye* is flawed, but on occasion, it shines brightly. —S.A.

ERECT

Directed by Mick Hatteras;
starring Claudia Chase, Inari Vachs, Tina Thomas, Mikki Taylor, Nakita Kash, Caroline Pierce, Bobbie Bliss, Natasha Blake, India, Lola, Marion, Vince Voyer, Kyle Stone, Jake Steed, Tice Bune, Bart Myne and Eric Price. Videocassette: Metro/Cal Vista

Working around porn actresses' dramatic shortcomings by casting them as hookers is a well-worn convention of the blue screen. *Memoirs of a Madam* employs this tactic wonderfully. Wrinkled hag Marion plays venerable whorehouse proprietor Madam Alicia, whose lay-for-pay past is thankfully detailed in flashback sequences. Vince Voyer hires Natasha Blake, Lola and Tina Thomas. Blake's heavily pierced tongue flits across the crotch buffet with hummingbird grace. The girls lock limbs and lips as Voyer blazes a glorious trail through their gleaming nether clefts. Lola crouches birdlike under Voyer's stem and catches his sap like so much regurgitated worm. The pearly load makes its way into Blake's yap and finally comes to rest on Thomas's chin. Chocolate sexpot India devours Jake Steed's oversized trunk with her glistening sphincters. Bunny-faced blonde Claudia Chase ably portrays the young Alicia, greasing her chin on Mikki Taylor's girl groove before inhaling Tice Bune's veiny joint. *Memoirs of a Madam* is memorable. —S.A.

Creme de la Face 33

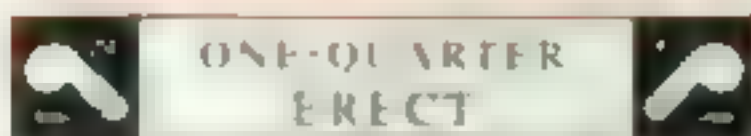

Directed by Rodney Moore
starring Keki D'Aire, Ginger Noxx,
Kora Allison Kilgore, Penny Ferreri,
Vanessa Lexington Steele, Wolf
Savage and Rodney Moore
Videocassette: Odyssey Group Video

In *Creme de la Face 33*, Rodney Moore's legendary blasts of bull-batter are as copious as ever. Sadly, his talent for finding worthwhile slop targets seems to be waning. Relaxing in his outdoor Jacuzzi, Moore is joined by his neighbor Keki D'Aire, who could pass as Liza Minnelli wearing a dirty-blond wig. The gangly auteur describes what he does for a living—making smut films. D'Aire feigns ignorance of the genre, paving the way for a demonstration. "C'mon, fuck me! I'm doing all the work. Don't you enjoy this too?" Moore asks the stumpy Liza Minnelli clone while vainly trying to drill some life into her. Dead-eyed blonde Allison Kilgore is the next spiritless fuck to receive a cum facial. Video trickery splits Allison into identical twins, Allison and Alicia. Rodney invites Wolf Savage and Lexington Steele to poke the comatose tarts. Lexington's 12-inch prong worms its way down Allison's poop chute. Despite the anal plundering, Allison nearly falls asleep. Not coincidentally, so will *Creme de la Face 33's* viewers.

California Calendar Girls 2

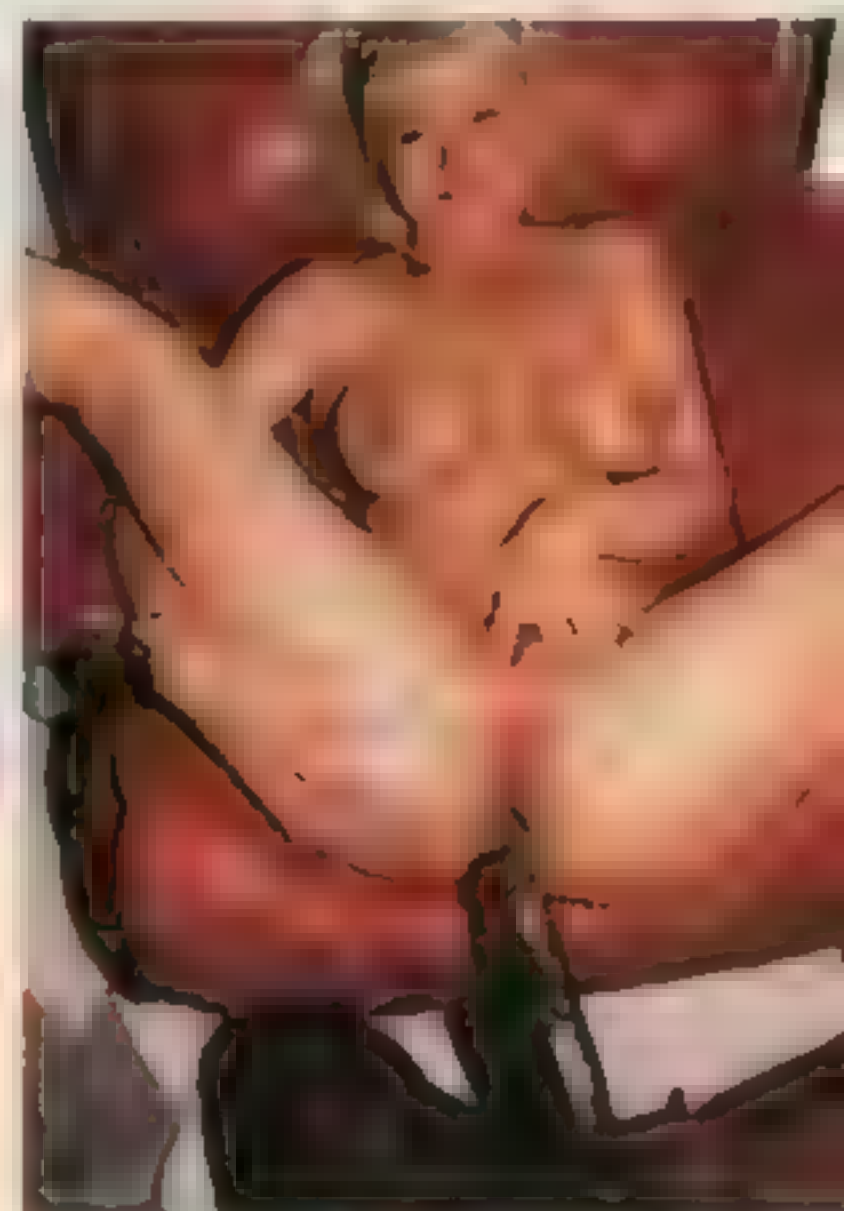

Directed by Alex Sanders
starring Anita Blond, Lensi Rae,
Jade Marcella, Rachel Steel, Dolly Gordon,
Sofia Ferrari, Holly Landis, Alex Sanders,
Chris Cannon and Mark Anthony
Videocassette: Elegant Angel

Director and principal swordsmen Alex Sanders opens *California Calendar Girls 2* in a scrap yard filled with wrecked automobiles. If nothing else, Sanders displays a keen sense of foreshadowing in this thinly veiled tribute to himself. Undeterred by his W.C. Fields-meets-Sammy Hagar countenance, the narcissistic helmsman loads CCG 2 with gratuitous close-ups of his own bucking posterior. Sanders further elevates his ego by casting females barely more attractive than himself. Like the car carcasses she fucks amongst, Sofia Ferrari's deteriorated visage suggests the better days behind her. Ferrari's crow's-feet and saggy jowls give her mug an unsettling death mask cast. Lensi Rae suffers no such problem; amid her full-body armor of lard, one scarcely notices her jowls. Brunet vixen Anita Blond provides temporary relief via her sublime rump and green cat's-eyes. More like this next time, Mr. Sanders, and less of your own tarantulalike anus. *California Calendar Girls 2* is a waste of time.

Millennium Fuckin'

By Jeff Labrecque
Illustration by David LaPointe

The biggest room in the world, it's often said, is the room for improvement. Nowhere is this truer than in the world of porn. With the turn of the millennium upon us, there's no time like the present to revamp the industry. What follows are a few modest proposals, humbly offered as a partial blueprint to the blue-screen future.

Eradicate ass acne. Is it the constant application of anal lube or the stressful lifestyle that causes so many porn-slut posteriors to erupt with unsightly blemishes? The cause doesn't matter. The scientific community is now capable of cloning sheep, for God's sake. They should surely be able to cure a few zit-infested buttocks.

All pre scene interviews are to be conducted with the actresses' parents. Hearing some brain-dead troupe prattle on about her favorite sex position was boring to begin with and is played beyond death in 1999. A brief interview with the folks who created said troupe via abuse, neglect and/or abandonment, however, now might be in order.

No more "I only do girls" girls. e.g. Jayne F. What? These girls make tidy livings off Joe Public's collective penis. Is it too much to ask

them to service a bimbo de sitting or camera? New entrants to the jizz biz will be allowed a breathing period of three gir-gir scenes. After said gir-gir attitudes persist beyond that, they are to be sent to the Max Hardcore training camp for reprogramming.

Mandatory removal of all breast implants. In a goal to protect the porn community from the ill effects of the uprooted sacks of silicone, some practice of Paris, etc., to the Salvation Army to be reprogrammed into mattresses for the homeless.

Relocate Hungary and Czechoslovakia to the San Fernando Valley. The recent influx of European female talent into the porn biz has greatly improved the European landscape. As a whole, European screen sluts are naturally beautiful, charming and take to depravity with childlike enthusiasm. All of these qualities could be better exploited with greater proximity to the Hollywood studio.

The following noms de fuck are hereafter retired from use: Tiffany, Christy, Anna, Alexandra, Angelica and all mentions of Spring variations thereof. It's already too impolite to tell a girl you're not into the next. Possible replacements: Jodie, Mink and Penny.

Carnal Witness

ONE-QUARTER
ERECT

Directed by Bud Lee
starring Cheyenne Silver, Nina Hartley,
Allvin Chaynes, T. J. Hart, Randy Spears,
Chris Cannon, Seville and Chris Cannon
Videocassette: Adam & Eve

In *Carnal Witness*, Cheyenne Silver portrays a psychic tormented by ominous sex dreams. It's not quite clear why Silver is so disturbed by these subconscious ruttings, but their distressing effect on the viewer is all too understandable. Expectations are raised as the exceedingly nubile Silver drifts to sleep, only to be dashed by hawk-schnozzed tramp T. J. Hart. Not content to offend viewers with looks alone, Hart further withers audience interest by yipping like a stepped-on Chihuahua as Chris Cannon plows away at her droopy, brown cunt flaps. Hart's gonad-shriveling screechfest is, alas, but a nonappetizer. Lurid, doe-eyed gamine Allvin Chaynes brings forth another wave of viewer anticipation, which gorgonian harlot Nina Hartley handily dissipates. Her lattice-work of wrinkles and veins contorting into a preorgasmic grimace during Chaynes's oral ministrations, Hartley looks like a constipated longshoreman straining to push stool. *Carnal Witness* is an eyesore. —S.A.

Lewd Conduct 4

HALF
ERECT

Directed by Vince Vouyer
starring Monica, Jade Marceai,
Layla Jade, Melody Love, Rumica, Sky,
Hercules, Mr. Marcus, Erik Everhard
and Vince Vouyer
Videocassette: Diablin Video Productions

In *Lewd Conduct 4*'s two-plus hours of straight-to-the-asshole butt pounding, Vince Vouyer proves that a routine, no matter how decadent, is still just routine. Two Budapest bad girls with jet-black hair and tight curves break from the pack by sheer force of their sultry beauty. Box-cover model Monica can't speak a lick of English, but

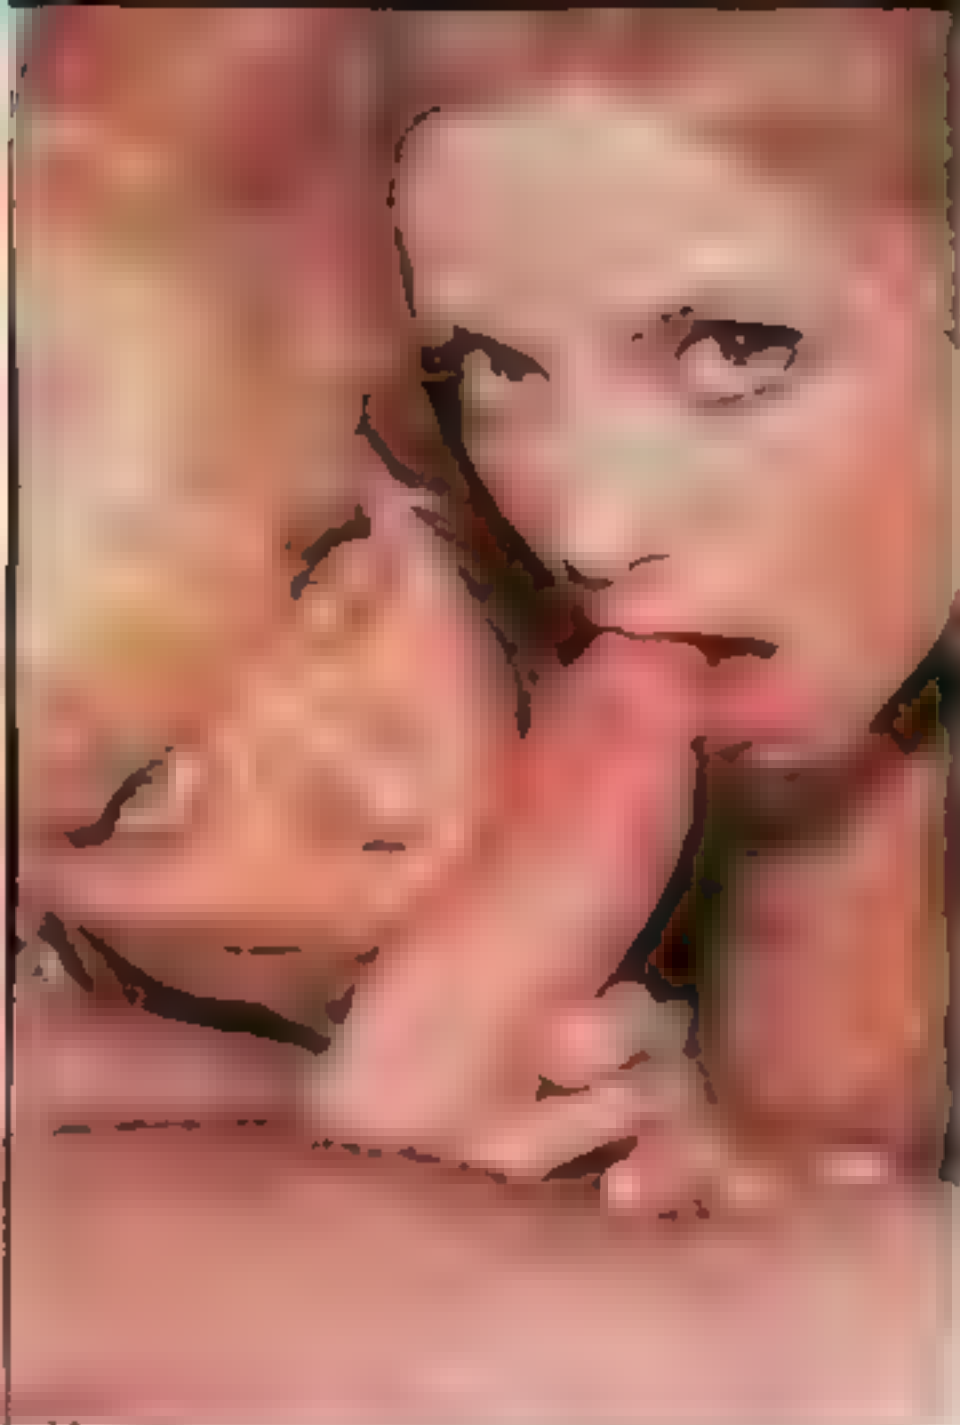

the 20-year-old's flaring tongue conjures zero confusion in the bedroom. Monica's dimple-chinned adorability inspires electric lust, and the ass-fucks that she and fellow Hungarian Rumica endure must be why Hungary is constantly overrun by invading armies—their women can take a good plundering. Despite these lusty vixens' beauty, Monica and Rumica lack the spirit of Sky, a California bottle blonde who good-naturedly crams a pair of dongs into her wet holes before savoring the men's collective juices in her pretty mouth. If *Lewd Conduct 4* were a lust contest, the stark Hungarians would lose to Sky's American gumption. —D.P.

Raw Footage

HALF
ERECT

Directed by F. J. Lincoln
starring Stephanie Swift, Alexa Rae,
Sydney Steele, Maya Divine, Elle DeVine,
Charlie Mr. Marcus, Evan Stone,
Eric Masterson, Devin Wolf
and Brick Majors
Videocassette: Wicked Pictures

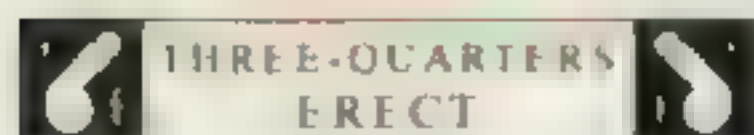

"I'm making a movie. A real movie. Art," insists Stephanie Swift in *Raw Footage*. "No plastic porno people, no script...just normal people taking their clothes off, doing what comes natural." Naturally, plastic porno people abound, engaging in obviously staged couplings. A porn-set stylist sprinkles flower petals around a large bathtub before being joined by her alleged boyfriend. Swift captures their tender ass-fuck session on video without permission. "You can't show anyone that tape!" the stylist yells. "But this is art!" Swift counters, including the footage in the film anyway. Equally inept attempts at verité follow. Swift enters her effort in the Cumdance Film Festival and humiliates her comrades in porn. "Next time, change the names to protect the guilty," offers her lesbian production manager. "You really think there ought to be a next time?" Stephanie asks. The dyke responds positively, but more hardened viewers will rightfully doubt the wisdom of a *Raw Footage 2*. —D.P.

Hartley and Chaynes: something old, something new

Pink

Directed by James Avalon

starring Coral Sands, Syren, Gwen Summers, Gina Ryder, Caroline Pierce, Lola India, Alexandra Nice, Summer Day, Mark Davis, Herschel Savage, Anthony Crane, Frank Towers, Tice Bunn and James Bonn
Videocassette: Metro

A pseudo-documentary of the fictional porn-fashion industry, *Pink* comes closest to resembling classic '70s XXX than any other sex vid in recent history. This is a classy flick about trashy models and their slippery encounters. Stylish interviews, music-video editing, creative lighting and clever camerawork combine to create a fuck flick that is fresh, funny and highly erotic. Models fuck their boyfriends just moments before they parade down the catwalk. Fantasies spring to life as interviews expose deviant minds. When fashion-show attendee Mark Davis becomes aroused by the endless parade of runway sluts, Caroline Pierce fishes Davis's pecker from his pants. The multipierced sex freak inhales Davis's blond sausage, repeatedly deep-throating the veiny link. The audience fornication inspires the participation of the runway models themselves. An orgy blooms on the catwalk, deep cunt poundings and assaultive double penetrations abound. Thank *Pink* and splooge with style.

Frystix

Directed by Layne Parker
starring Krysti Myst, Alana, Kelsey Heart,
Donita, Jessica Jewel, Jennifer Leigh,
Luciano, John Strong, Earl Slate
and Steve Taylor
Videocassette: Extreme Associates

Frystix casts thirtysomething, hay-haired bimbos Krysti Myst, Alana and Kelsey Heart as college students. The tripe-casting, unfortunately, is the *most* plausible element of this overwrought horror-porn clunker. Heart accidentally drops a cigarette in a formaldehyde tray during a lab test. Later, she shares the poisoned smoke with her buds and a guy at a bar. The four trip out, sucking and fucking in a hallucinatory orgy. In the context of this hippie nightmare, the extreme close-ups of Heart's swollen, deer-in-head pussy lips are disturbing—it's as if the silicone in her tits has seeped into the outer folds of her vagina. The dude squeezes spunk onto Heart's face; her drug-crazed cohorts devour the load like pigs in a trough. Jonesing for more formaldehyde and warped sexcapades, the foursome break into a morgue. After inhaling mass quantities of double-dipped frystix, their tripped-out orgy continues. Cadavers spring from refrigerated drawers; the drugged-out necromantic fantasy descends into an orgy of the living dead. The corpses in *Frystix* may be stiff, but viewers will remain deathly limp.

D. O. G. (Devious Old Gillis)

Directed by Jamie Gillis
starring Jamie Gillis and an anonymous
collection of Canadian hookers
Videocassette: Elegant Angel Video

To describe Jamie Gillis as a pathetic, degenerate worm after viewing his sex-pig antics in *D. O. G.* would be a compliment. The miserable tart he's drafted for this effort might not be dogs themselves, but they're certainly treated as such. A barely-legal junkie type is ordered to stand in a seedy hotel-room bathtub; Gillis stuffs cold hamburgers and fries

down her panties and bra. Mayonnaise, mustard and ketchup are wiped down her ass crack. Gillis mashes the soggy meat and fries against the junkie type's pubes and nipples. Nodding out, the tortured waif pisses herself. Gillis peels away the girl's underclothing and climbs into the tub. He begs to be fed the shredded,

urine-soaked feast, and the junkie obliges. Gillis continues his stroll through Canada's seedy jackoff booths, fleabag hotels and back rooms. He documents sex between street hookers and desperate, fortysomething dishwashers that nobody needs to see, let alone whack off to. This *D. O. G.* needs to be put to sleep.

Hot Letters

(continued from page 30)

Squishy noises that would have embarrassed me in front of any other guy emanated from my holes. Since I never intended to even speak to Scott and Ivan again, I let the queefs fly.

rock my world. I need a cock in my pussy and a cock in my ass at the same time. Make those sausages stand at attention, and don't try to blame your poor performance on Y2K."

I heard the dynamic duo gulp when the rest of my clothes hit the floor. Immediately, their clammy hands explored my nude form. I was shocked to feel a slight tingle in my loins. As much as I hate to admit it, there was something exciting about being with such helpless nerds. They would spend the rest of their pathetic lives reliving this day...while I was downing tequila shots to block out the memory.

I took Ivan's floppy, sticky schlong into my mouth. The taste was somehow stale. I could only assume the nine- or ten-inch member didn't see the light of day too often. What a waste! My girlfriends and I call a big johnson on a lame guy a *summer sausage*: the meat nobody wants to eat. On this day, however, I was chowing down a side of Ivan with extra sauce. Slurping his scum at the beginning of the hummer was unusual; it felt like starting at the end of a mystery novel. My slurpy bobbing technique had his peter clean as a whistle in no time. The spent rod also happened to be rising from the dead, filling my mouth and then esophagus with tool. When the thick head hit my tonsils, I actually gagged. Or was the reflex caused by Ivan's body odor?

Speaking of pungency, Scott was busy at my backside, cramming knuckles in my bunghole and then sniffing the dirty digits.

"Check it out, Ivan," he marveled, offering my suck slave a whiff. "I guess her shit really doesn't stink!" What a couple of goddamned retards. They shared a hearty laugh over my odor-free orifice until Ivan was moaning hard enough to slow my pace. I didn't want him popping again before I took a ride on that magnificent, blood-engorged lap.

Turning around for a taste of Scott was difficult and, frankly, not worth the effort. His sturdy member was already erect by the time my lips kissed the tip. Since he was so fixated on my bunghole, I allowed him the honor of penetrating the holy portal with his penis. First, I hocked up a series of goopy loogies onto his desperately throbbing shaft. Then I turned back around and sat firmly, tucking the first few inches within my sphincters. The dong still wasn't quite slick enough, so I dismounted, deep-throated his joint just long enough for a thorough soaking, and wiggled my cheeks again onto his spear.

"Unnnnggh." This time, I was the one

groaning in ecstasy and struggling not to climax. I don't care who happens to be attached to a plus-size ween; if the big boy in question is lodged in my rectum, I want to come. Anal sex is such a turn-on for me that I even came once during an act of nonconsensual intercourse. Boy, did that require a year of therapy. Now all I needed was the counsel of Ivan's meat in my splayed clam, which bounced free and easy above Scott's balls.

Ivan had some trouble guiding his manhood past my labes; he kept slipping in my love juices and rubbing cocks with Scott. At least, I think the sword fight was accidental. Frustrated, I reached down and planted his prick smack-dab in the middle of my hot spot. Ivan exhaled loudly, as if the wind had been knocked out of him. Could the goony lug possibly be a virgin? The time to ask would come later, when his best friend's bone wasn't tearing up my shitter. I pistoned my hips to accept as much of the double-stuffing as possible.

The goofballs had no rhythm, but they made up for their inexperience with enthusiasm. Scott, in particular, turned me on by pumping my butt in violent fits. He ripped off a loud snort with each thrust, reminding me of a well-hung pig. I felt him reaching for his respirator and

kicked the apparatus out of his reach. How many chances does a girl get to fuck livestock?

In my snatch, Ivan was battling to keep up with my gyrations. Unfortunately, he couldn't seem to hit my clit to save his life. I amended the situation with the diddling of three saliva-soaked fingers. The steady buzz from my love button allowed me to lie back and enjoy the impalement. Squishy noises that would have embarrassed me in front of any other guy emanated from my holes. Since I never intended to even speak to Scott and Ivan again, I let the queefs fly.

"Good boys," I grunted. "Good boys, fucking me and bringing me so close...so close...." A familiar clench seized my cunt. The sweet release of orgasm was on its way, as long as I could keep the ass amateurs from finishing too fast. I ordered them to "keep pumping and don't squirt—or I'll rip all your balls off!"

Do you think those two listened to me? Of course not! Ivan was the first to let go, filling my womb to a palpable overload with his chum. The stuff leaked from my snizz and onto Scott's plank, which triggered his blast in my bowels.

He cried, "Mother of God!" and unloaded a gallon of spunk up my jiggling ass. I don't know how those two

could have so much sperm backed up; the cream in my colon felt like a piping hot enema. They both fell limp and slipped from my openings. I was pissed!

"You fucking little fairies," I screeched, smacking Ivan in the head. "You—get down there and suck your pecker snot back out of my cunt! And when he's done," I added, smacking Scott, "you get to felch the goop from my asshole." The boys were all too happy to agree, but I never did receive my richly deserved gratification. Wow—if Y2K means I never enjoy a decent orgasm again, the virus could be more serious than I thought!

Olympia, Washington

NEW YEAR'S SKEEVE

I decided to celebrate the new year by going home with the ugliest skank in sight. That might sound like a shitty plan, but I figured I'd get the worst possible scenario out of the way early. Then I could bag any bitch I wanted without worrying about fucking the biggest pig of the millennium.

As you might have guessed, I hatched my little scheme while drunk off my ass. I was sitting in Your Granddad's Mustache, a watering hole out by the airport that's popular with senior citizens. Usually, all manner of disgusting, wretched whores pass through the Mustache's doors. On this particular evening, there was only one slut in the joint, and she wasn't bad-looking. I've seen her before; she's a thirtyish brunette with nice, firm knockers and a decent body. Too bad she didn't fulfill my vomitacious qualifications. To make matters more frustrating, the soft-featured bombshell was totally shooting me the eye. I tried to distract myself by drinking more whiskey.

Two hours later, there was still only one snatch in the place: this silky, red-pubed number named Sheryl. By this time, we had struck up a conversation. She thought my plan was idiotic but devised a decent compromise.

"Take me home," she breathily insisted. "Put a paper bag on my head and pretend I'm the ugliest dog you ever deigned to slip the baloney to. If the sex is good, we can get together the next day for some bag-free fucking." I knew accepting her offer would be cheating, but I couldn't say no. The fact that her hand was already down my pants and jacking my log to arousal may have had something to do with it.

Back at my apartment, Sheryl rushed

into the bedroom and tore off her slinky, black dress. I ordered her to put the revealing outfit back on, along with a sack from Frank's Grocery Goods.

She sneered, "You're a fucking freak," but obeyed. I watched her bemused expression through the crudely cut eye-holes as her bra and panties fell to her ankles. Sheryl was in astonishingly good shape for her age; I considered throwing some mud on her to make our time between the sheets less appealing. By that time, however, I had uncontrollably dropped to my knees and buried my face in her fiery bush.

I lapped at her rubbery twat like a horse at a hairy, steaming salt lick. That's not the only way I'm like a horse; when Sheryl reached down to unleash my python, she squealed.

"It's huge!" she cried from behind the bag. "Oh my fucking God. Remember when I said you could do me in the ass? I lied." I didn't care. Her slit was so sweet and delectable, I couldn't wait to feel the velvety wetness wrap around my schween. I flicked her politely protruding clitoris with my tongue; Sheryl shivered from head to toe. She grabbed my hands, which were roughly clenching her supple ass, and moved my palms to her bare milk sacks.

I stood and flashed Sheryl a glistening

grin before laying her pink form on my mattress. Believe me, I'm ashamed of what I did next, but I had to follow my millennial plan.

"Fucking ugly old whore!" I yelled, driving my cock deep within her love canal. "Hideous bitch!" I spat on Sheryl's paper bag and sank deep within her sex. She cried out in a combination of agony and pure lust. The way her walls stretched to accept me hinted that she hadn't been banged by a sizable bone in a long, long time. I wrapped both hands around her neck and thrust with all my might. A loud wheeze left Sheryl's windpipe; her eyes rolled back, and she reached up to painfully twist my nipples.

She choked, "You're tearing me up inside! I haven't been porked for years...because I'm such a foul-looking, disgusting cunt!" The fact that Sheryl was willing to play along—and so good at it—made me feel a little less guilty. I withdrew my shank and ordered her onto all fours.

"I can't even look at you," I growled. "I've got to fuck your filthy pussy from behind. Is that what you want, piggy?" I tickled the outside of her puffy mons with my purple tip. Cream burbled from her opening.

Restrictive attitudes in the name of so-called morality increasingly take the fun out of fucking. Through good, old-fashioned homespun knowledge, hearsay, scientific facts and outright lies, this series strives to spread the word that rubbing uglies is a beautiful experience.

The Art of Losing It

WHEN VIRGINITY JUST WON'T GO AWAY

BY JEANNE PHILLIPS • ILLUSTRATION BY GEOFF GRAHN

Jeremy hadn't jerked off for a week; so he was ready to bang a wall. Lucy, a lapsed Catholic he'd been dating for a month, had verbally committed to have sex with him in a pact to lose her virginity before her 19th birthday. Jeremy had lied and said he'd had sex with seven other people, even though his 20-year-old dick had never so much as sniffed a piece of fish. With a condom in his wallet and a fairly good idea of the vagina's location, Jeremy showed up at Lucy's place at the appointed hour, ready to fuck.

Years later, Jeremy will remember how—with Lucy naked, wet and waiting for him to pop her cherry—fear inexplicably wilted his hymen-buster. Lucy palmed his wiggly noodle and toiled to resuscitate his manhood, but to no avail.

Today, Jeremy's palms sweat and turn clammy when he thinks about approaching an attractive woman. Although he does not realize it, he also experiences a lack of blood flow to his cock, the same physiological effect of the performance pressure that ruined his sure thing with Lucy years before. Jeremy loses it when he thinks about losing it, and, at 35, he is still a virgin.

For the average American man, the agony of adolescence ends, symbolically at least, when he finally persuades a chick to go all the way, and he thrusts into his first-ever slice of poontang. Bumbling nose-pickers and chronic pizza-faces stumble through especially long periods of virginhood, but, with persistence and thick skin, even a loser eventually finds a hole with a heartbeat willing to spread her legs for his meat missile.

In times gone by, a father might have chaperoned his son to the local whorehouse to have the lad's penis anointed with pussy juices. Sadly, in today's sexual jungle, most men are left to their own devices to find a first-time fuckmate, and some never manage to do so.

"I'm good-looking, and I've always had my share of pussy chasing me," says 28-year-old Paul H. With his athletic physique and decent appearance, there is no reason why Paul shouldn't be sampling his share of snatch, but such is not the case.

"My problem is high standards," Paul muses. "In college, other guys were boning whatever they could get—doggy dates and paper bags. I wouldn't put my dick just anywhere. Now I'm so far behind in the game, I'm afraid to even try."

In a society where ATMs, answering machines and the Internet have replaced a wide range of face-to-face interactions, social awkwardness is epidemic.

"Virgins get so worked up that they shake, stutter and sweat, which causes problems just connecting with

women," says Donna Carson, a Massepequa, New York, therapist who specializes in anxiety disorders.

"No matter how much they wish to lose their virginity, sufferers avoid sex because it causes them anxiety," says psychotherapist Jonathan Berent, who specializes in the treatment of social anxiety and phobia at his Great Neck, New York, practice. Berent frequently encounters involuntary virginity. "Some use high standards as an excuse for not becoming involved with anyone, even for casual sex," he says.

Some patients can't even ask a woman out on a date before imagining rejection. "Obviously, this is a big barrier to sex, as with sweating and panic attacks," says Berent.

into adulthood, but an estimated 19 million people suffer from social phobia, an extreme form of shyness that can be an impediment to doing the nasty. According to the Anxiety Disorders Association of America, social phobia is the third most prevalent psychiatric disorder in the United States, after substance abuse and depression.

Therapist Donna Carson notes that some men second-guess themselves into a lifetime of masturbation.

"She's not my type. She'll never say yes. I can tell by her hairstyle that we won't get along—I've heard every excuse in the book," Carson says. "Many guys intentionally or unintentionally set themselves up for failure. One client took a woman on a first date to a diner. He ordered a hot dog and slid it in and out of the bun and asked her if she wanted to go back to his place to do the real thing. These guys seem to want to hear the word *no*."

Steven is a security guard who chain-smokes and lives in his parents' basement apartment. He has all but given up hope that he will ever be with a woman.

"My whole life, I've always been the one people made fun of," Steven says. "I guess that didn't make me feel very good about myself. I haven't dated much, and, although I don't want to stay a virgin, sex is not a big deal to me."

However, men who do not know the wonders of sexual intercourse need not resign themselves to monastic monkey-spanking. Mainstream psychological practices, as well as unconventional sex-therapy measures, have helped countless men join the ranks of the sexually active.

Some therapists encourage their clients to push their comfort zones by asking women out on dates or joining a book club or taking a dance class.

"Once you understand your anxiety and deal with it, therapy doesn't have to be difficult," says Dr. Berent, who sometimes prescribes an evening at a strip club for clients in need of a practice go-round with contractually friendly ladies.

"For many virgins, exposure to the naked female body in a club can help overcome the fear and anxiety surrounding a threatening, new situation: nude women," Berent says.

Steven is one of Berent's patients who visited a strip club as part of his treatment.

"For a few bucks, I could have a hot dancer rub her twat in my lap," Steven says. "Berent said it was a dress rehearsal for the real thing, and that if I got hot and

sweaty, no one would see in the dark."

Going to a sleazy pussy parlor may seem like an unlikely therapeutic modality, but some treatments for unpoped cherries stray even further from the norm. Sex-surrogate therapy is a controversial practice that was introduced by Masters and Johnson in 1970 for the treatment of unhappily single men. The services of a surrogate, prescribed by a psychiatrist, may include counseling, touching activities and body-awareness exercises, better known as fucking.

"Most of these guys are just desperate and embarrassed," says New York City sex surrogate and therapist June F., who has "worked with" numerous virgins, meaning she has provided them with their first taste of genuine pussy. "They really want to have sex; so they come on too strong, too fast, too needy or too threatening. They need to learn how to approach a woman in a normal way and learn what to do if she says yes. I give them an opportunity to get over the hump, so to speak."

June's counseling methodology is the essence of simplicity.

"I ask them whether they are a virgin and, if necessary, make the problem a nonissue," June says.

Peter is one of June's satisfied customers. "All I needed was to grind it in and out a few times and learn what makes a woman feel good," Peter says. "A surrogate accepts you as you are and teaches you new skills. Once I actually had sex with someone, the fear was gone."

Where therapy ends, pharmacology begins. The Food and Drug Administration recently approved antidepressant medication for the treatment of social anxiety, which could also be beneficial for involuntary virgins.

"Some people are just naturally shy and have difficulty connecting with members of the opposite sex," says Dr. Robert Weintraub, a clinical psychologist. "If the patient is unusually anxious, some types of medication can be useful to relax him. Once patients are free of anxiety, they can often interact normally, learn new social skills and begin relationships, as well as friendships. In time, as confidence grows, medication may no longer be necessary."

Experts agree that taking a first step—any first step—is important. "I believe there really is someone for everyone," says Donna Carson. "If you haven't found her by age 25 or 30, you may need help in discovering why."

"Let me get this straight, Newt: All the time you were hassling me about my intern, you were banging an aide? You dog!"

CAUGHT on Crotch-Cam

Video Voyeurs Upload Undies
on the Internet

Report by Pico D. Ribibi

Yesterday's pervert wore mirrors on his shoes, but a peeping Tom at the end of the millennium can look up a chick's skirt with the help of a computer, then go global with the images over the World Wide Web. Upskirt Web sites flourish, but the law is catching up with techno-peepers.

Video Voyeurs

While a trio of girls leans over the glass counter to ogle the glittery display, Wheeler's camera moves down the row, capturing the flashing glutes in lingering assembly-line fashion.

George Wheeler wends through a sprawling Texas shopping mall; blood courses through his veins with locomotive intensity, and it's not because of the one-day-only sale at Macy's. A canvas briefcase dangles at Wheeler's side; inside is a video camera, its lens barely concealed behind the bag's open zipper.

Unlike most mall rats who wander from store to store and shop impulsively, Wheeler knows exactly what he wants: video footage of female asses. Hot days are ideal for panty-peeking; when the Texas sun burns, waves of nubile shoppers flock to the malls, many clad in crotch-length skirts and gam-baring shorts.

Wheeler spies a shapely brunette in a short, black minidress boarding the up escalator. Reminding himself to remain calm, he dips his clammy mitt into his canvas bag and hits the camera's ON button, sidles up behind the unsuspecting piece of ass and angles his camera under her skirt, undeterred by the stocky male companion at the girl's side.

By the end of the day, Wheeler's ever-vigilant hidden camera has captured a half dozen panty-clad fannies. The jewelry counter at a department store proves to be a jackpot. While a trio of girls leans over the glass counter to ogle the glittery display, Wheeler's camera moves down

the row, capturing the flashing glutes in lingering assembly-line fashion.

At one point, a clerk looks down into Wheeler's bag; the expression on the girl's face is unmistakable, practically screaming, "You filthy bastard."

Shit, Wheeler thinks. A slap in the face would be getting off easy; being detained by mall security is a very real possibility. Fortunately, Wheeler makes it through the day without an ominous tap on the shoulder from a security guard. He has a bounty of ass-filled footage which, when edited down and combined with efforts from other excursions, will be offered for sale to voyeuristic perverts through Wheeler's Thursday Night Video outlet.

"I would say that the biggest thrill for me was the sport of it," Wheeler enthuses later. "Hunting is the perfect metaphor because of the risks involved. You can get killed, you can get caught, or you can catch the prey."

All the world isn't so much a stage anymore as it is a fishbowl. George Holliday's 1991 riot-inducing amateur videotape of four LAPD officers administering a beat-down to Rodney King is a prime example. On the seedier end of the hand-held spectrum, modern-day big-game hunters such as George Wheeler

rove the streets with cameras instead of rifles, surreptitiously immortalizing fleeting glimpses of female flesh. The resulting footage, popularly referred to as *upskirt* and *downblouse*, is the subject of a sticky, increasingly heated legal debate over the right to privacy in an increasingly nonprivate world.

Upskirt and downblouse material is tame by traditional pornographic standards—a shady panty shot here or a blurry hint of nipple there is less sexually explicit than, say, an all-anal gang-bang. Nonetheless, video voyeurs continue to risk clobberings or prosecutions, and consumers continue to snap up tapes and subscribe to caught-on-film Web sites. Purveyors of upskirt videotapes and CD-ROMs may enjoy thriving sales, but video voyeurism is more than a business—for many practitioners, sneaking peeks where the sun don't shine is a calling.

Skip Hambrook, proprietor of the well-established voyeur site *Kandid-Pics* (www.kandid-pics.com), sees the upskirt and downblouse phenomenon as an age-old compulsion given a high-tech twist.

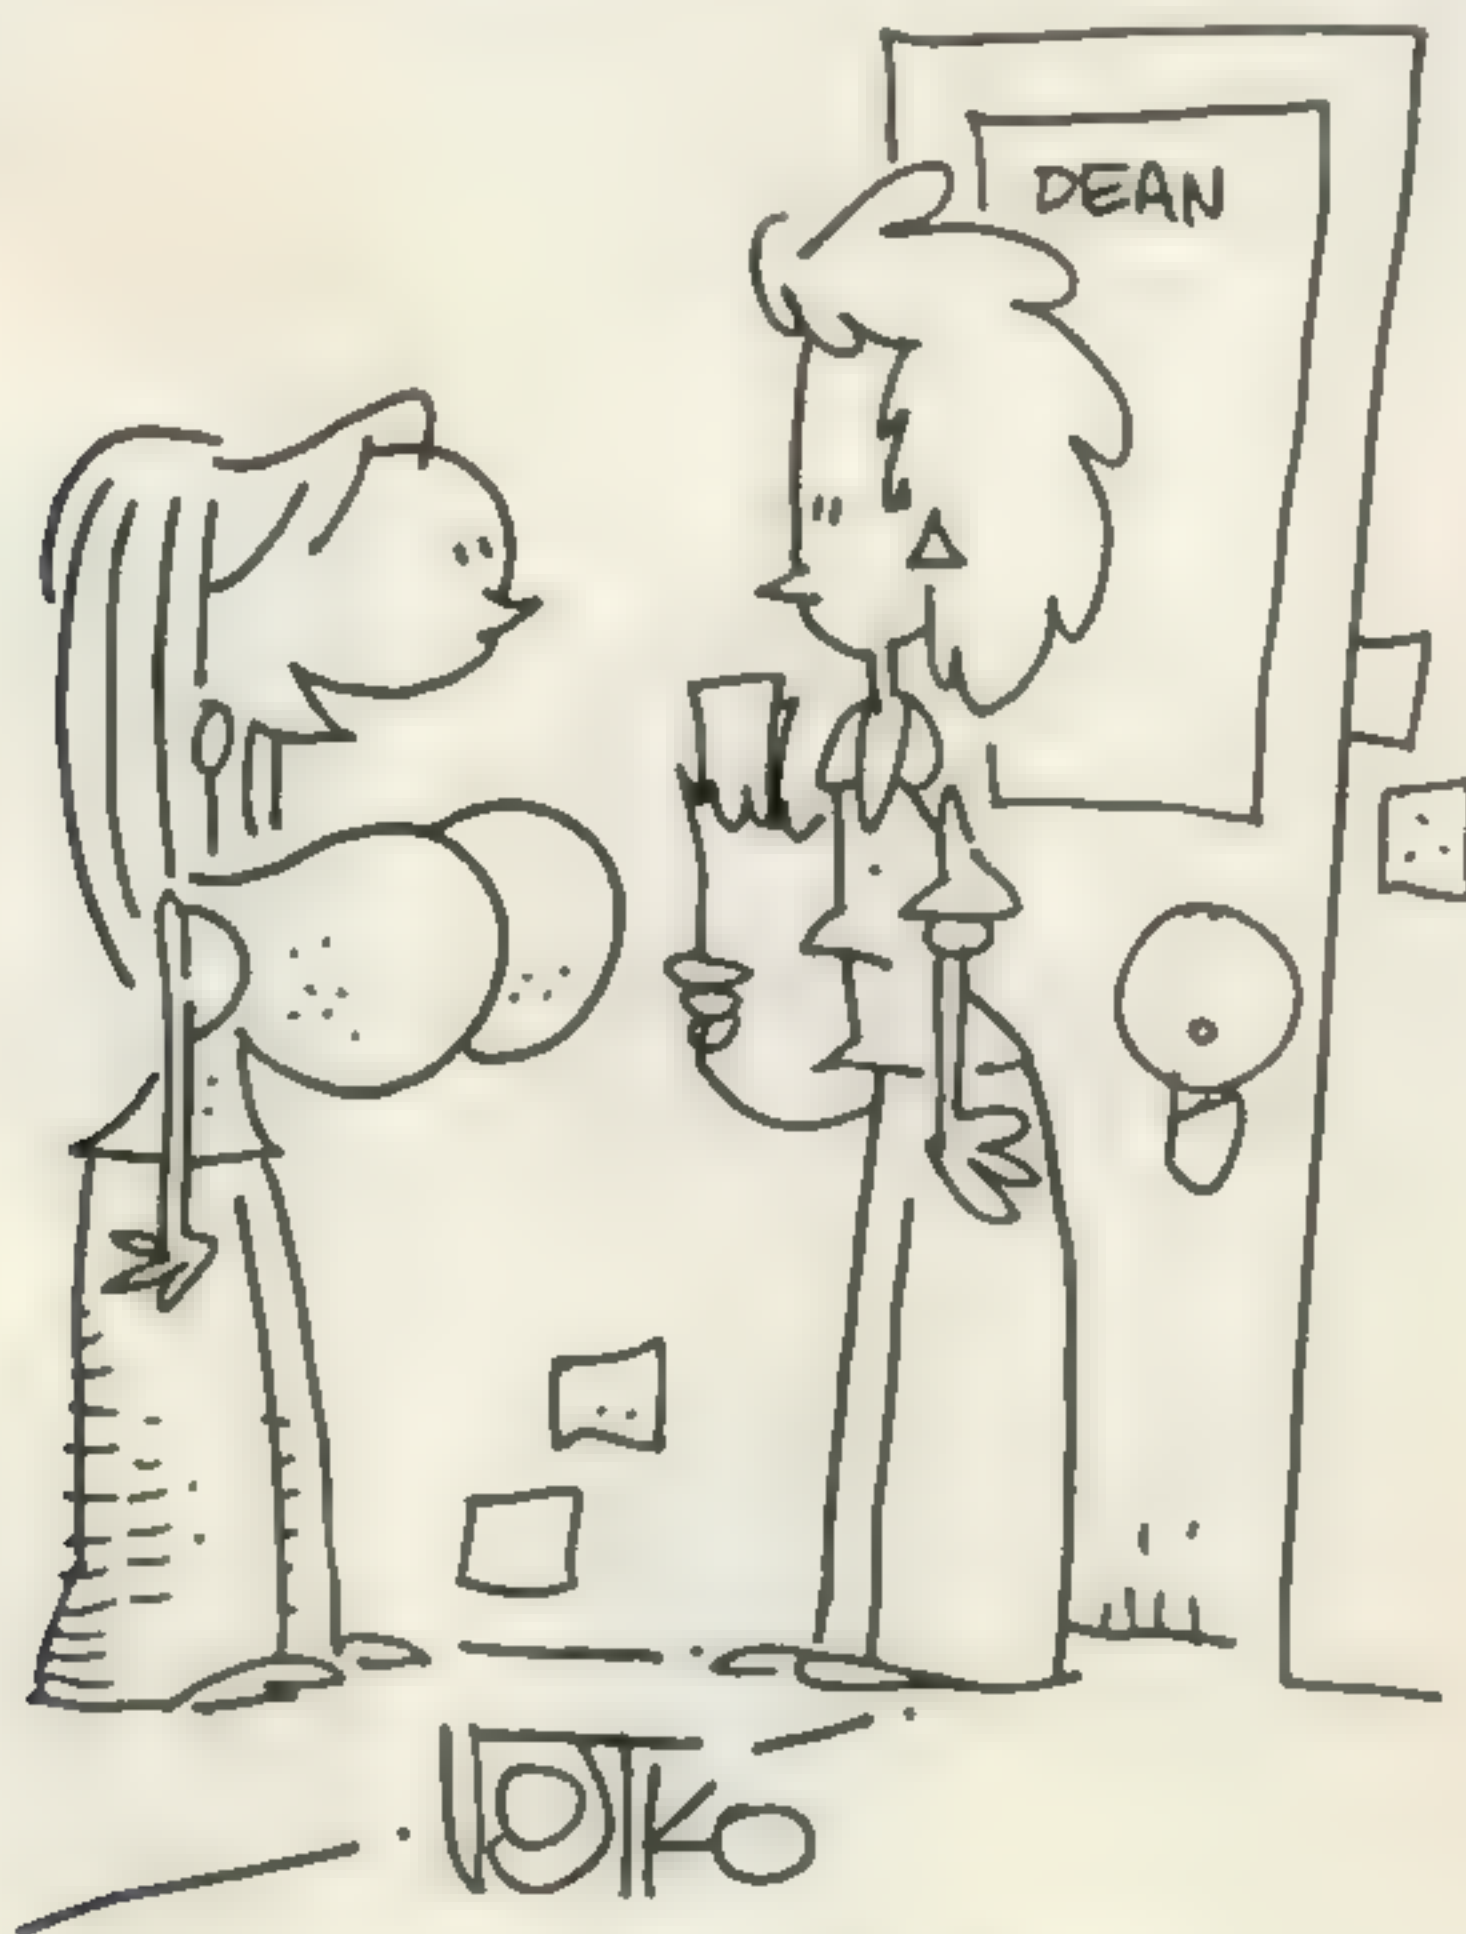

"There's a little bit of voyeur in everyone," Hambrook theorizes. "It's the old forbidden-fruit thing—you're not supposed to look. At that point, it becomes a challenge to all red-blooded males who have heterosexual desires."

When a sudden wind or a fortunate angle affords a more generous than usual glimpse of the female anatomy, the male biological imperative is to look. Skip Hambrook and other stealth auteurs like him have been instrumental in constructing a digital community around that impulse.

The Internet is awash in peeping Tom material. Typing the word *upskirt* into a search engine generates a list of thousands of voyeur-related Web pages. One Web site, www.voyeurphotos.com, catalogs some of the most popular sites.

The patriarch of Web-based voyeurism is Fiveyes, a former television-network videographer who has since put his lensing skills to a more salacious use. Fiveyes's site (www.iiiii.com) is a virtual powwow for video voyeurs (or, in the parlance of the site, *voys*). Subscribers share voying tips and tricks (one posting offers detailed suggestions on how to remain inconspicuous while taping lovers' lane action). Recently, one topic has been inspiring especially passionate testimonials: the increasingly common arrests of voys and the rise of antivoyeurism legislation.

In October 1998, a Highland, California, man pleaded guilty to six counts of disorderly conduct and was sentenced to 360

days in county jail after it was discovered that he had employed "an elaborate videotaping device" to film under the dresses of Cal Poly Pomona students as they studied in the university's library.

Virginians Raleigh Knight and Douglas Sandiego were sentenced to community service, counseling and one year's probation for videotaping under women's skirts in department stores, on elevators and on Washington, D. C., metro trains.

Reverend Danny B. Moody, a 52-year-old Georgia pastor, was only trying to grab a little piece of heaven on May 29, 1999, as he strolled Hartsfield Atlanta International Airport, allegedly videotaping under women's skirts with a video camera concealed in an Atlanta Braves baseball cap. Unfortunately for the right reverend, a good Samaritan noticed his camera lens gawking at the pantied shit pillows of an 18-year-old nymph and informed the girl's mother. Reverend Moody was booked on a felony peeping Tom charge; Clayton County District Attorney Bob Keller fully intends to prosecute the dirty-minded man of the cloth.

Gordon Ecker and Dion Castaneda were charged with "annoying or molesting minors" during two separate incidents in June 1998 at the San Dimas, California, amusement park, Raging

Waters. According to press reports, Ecker and Castaneda were carrying video cameras at hip level and filming children as they frolicked in their bathing suits.

Also in June 1998, an enterprising pervert applied his own meaning to the phrase "The Happiest Place on Earth" by rigging a low-slung shoulder bag with a video camera at Disneyland and capturing upskirt footage of women as they waited in line. After being detained and questioned by park security and police, the man was released because it was not at all clear what law he had violated.

This last incident prompted Assemblyman Dick Ackerman, of Fullerton, California, to craft Assembly Bill 182 earlier this year. An upstanding Orange County Republican, Ackerman was not happy to discover that the Magic Kingdom was playing host to digital-age peeping Toms, and worse, that there was no law on the books to charge the video voyeurs with. Until recently, existing California law only applied to secret taping in enclosed areas, such as locker rooms, dressing rooms, etc. District attorneys have tried to make eavesdropping, assault-and-battery, aiding-and-abetting and indecent-exposure laws stick in cases against video voyeurs, but with limited success.

Specifically aimed at upskirters, the

Ackerman measure forbids secretly taping "under or through" a person's clothing, a no-no "under circumstances in which the other person has a reasonable expectation of privacy." The bill sailed through the state Senate and Assembly and was signed into law by California Governor Gray Davis.

Similar laws have passed or are in the works in several other states, including Louisiana and New York.

Jeffrey Douglas, a Santa Monica, California-based attorney who sits on the board of directors of the Free Speech Coalition, an adult-industry advocacy group, has successfully defended several clients charged with upskirting. Douglas sees leeway in the "reasonable expectation of privacy" clause of the Ackerman law (though, for the record, Douglas still regards video voyeurism as "a disturbing practice").

"The reasonable expectation of privacy would be twofold: how you're dressed and where you're dressed," Douglas posits. "If you're inappropriately dressed for your environment, your expectation of privacy is reduced."

Adroit lawyering may be able to find some wiggle room in antivoy laws, but sneaking a camera lens up a chick's skirt, filming her nether regions and then selling the images may continue to be a tough act to explain to a jury.

Some lawmakers have suggested that Internet service providers might be held liable for allowing their clients to post upskirt footage, a practice that would be akin to prosecuting the phone company because someone made an obscene phone call.

Even those who vociferously defend more conventional smut are reluctant to rise to the video voyeur's cause. On a recent episode of CNBC's *Rivera Live*, former screen whore and current president of the Free Speech Coalition Gloria Leonard slammed upskirters, emphasizing that "people should be held responsible for this sort of activity."

Even George Wheeler adds his voice to the chorus of finger-waggers. "I think that a woman who wears a short skirt in public has a reasonable expectation not to have a camera jammed up her skirt," he says. Notwithstanding his reservations, Wheeler does not think video voyeurism should be illegal.

"My feeling is, there's nothing wrong with it if I don't get caught, because the woman has to know that it happened in order for her to be a victim," Wheeler rationalizes.

Relaxing by the pool on her day off, research technician and sodomy enthusiast Dana waxes scientific about the anal arts. "To me, butt-humping is mankind's greatest technological breakthrough. I think about it: In all of the animal kingdom, only the higher primates apply the anus to nonexcretory functions. We're given this nasty little orifice with a filthy purpose, but, with a little evolved ingenuity, the butthole becomes a portal to enchantment."

Actually, in Dana's case, a lot of ingenuity. "Oh, yeah, definitely," Dana laughs. "Beads, vibrators, select produce, test tubes—experimentation is my field, after all. Of course, there's no substitute for a real, live boner tearing into my colon. There are some situations where nature just can't be improved upon."

"There's people out there getting caught because of how easy the media's making it look. Everybody says, 'Well, I got me a camcorder here, and I can make big bucks too.'"

which has come to the defense of pornography in the past, stops short of defending an upskirt entrepreneur's right to surreptitiously videotape a girl's ass.

"I don't view that as protected activity," says Barry Steinhardt, associate director of the national ACLU. "Clearly, you're injuring that person." Don't feed Steinhardt any of that anonymity-equals-victimless-crime jazz either: "We don't excuse rapes because you don't know the name of the person that you're raping," Steinhardt maintains.

Largely because of the heat that is being brought to bear on upskirters, George Wheeler abandoned his voyeuristic endeavors a couple of years ago.

"I stopped because I think the chances of being caught are much higher now—much higher," Wheeler says.

If video peeping Toms are at a greater risk of being caught and arrested, there is one obvious culprit: the media. Both Wheeler and Hambrook have been profiled on tabloid-news programs; both claim to have been lured into making appearances with the promise of balanced coverage, only to find themselves caricatured when the sensationalistic segments aired. Besides demonizing the video-voyeur community, such coverage plunges a double-edged sword into the heart of the

upskirt industry. Not only does the public become more aware and thus more guarded, but media exposure of video voyeurism lures new recruits, whose inexperience inevitably leads to yet more busts.

"There's people out there now trying to put a camcorder in a gym bag or a shopping bag and going to the malls and getting caught because of how easy the media's making it look," Hambrook laments. "Everybody says, 'Well, I got me a camcorder here, and I can make big bucks like that too.'"

Jeffrey Douglas has represented three video voyeurs in court. "They all heard about it in the newspaper and went, 'Ooh, cool!'" Douglas notes. "They're getting caught because they're amateurs."

Breaking into upskirt and downblouse flicks is not impossible, but it is difficult, especially for the uninitiated. With this in mind, Hambrook and Wheeler offer a number of tips to make the novice's venture into video voyeurism a safe and happy one.

Make Friends With Technology. Because of the flood of media coverage, Hambrook considers the usage of bag-cams (carrying camcorders in shoulder bags) to be an exceedingly bad risk. "It's the stupidest thing I've ever seen," Hambrook says. "I mean, Christ, why

don't you just put your dick out for somebody to chop off?"

Fortunately, numerous alternatives to camcorders exist. Cameras small enough to fit into watches, cigarette packs, lighters, smoke detectors and beepers are increasingly becoming more affordable. (An extensive line of surveillance equipment can be ordered at www.spyshops.com; www.up-skirt.com also lists an array of available minicams.)

Despite Hambrook's reservations, camcorder loyalists aren't necessarily out of luck; in 1998, Sony introduced a line of video cameras that included a NightShot feature which employs infrared-light technology to make it possible to shoot in the dark. Perhaps unbeknownst to Sony's research and development department, infrared light passes through clothing and reflects off skin, making the NightShot camcorder an ideal voyeur's tool. Sony modified the camera's design to resolve this alleged glitch, but a diligent search among used-equipment dealers and department-store closeouts could lead to one of the original models. Fitting an ordinary video camera with an infrared filter under the proper conditions is said to yield similar see-through results. (Kandid-Pics offers a detailed essay on how to manipulate infrared technology to voyeuristic advantage.)

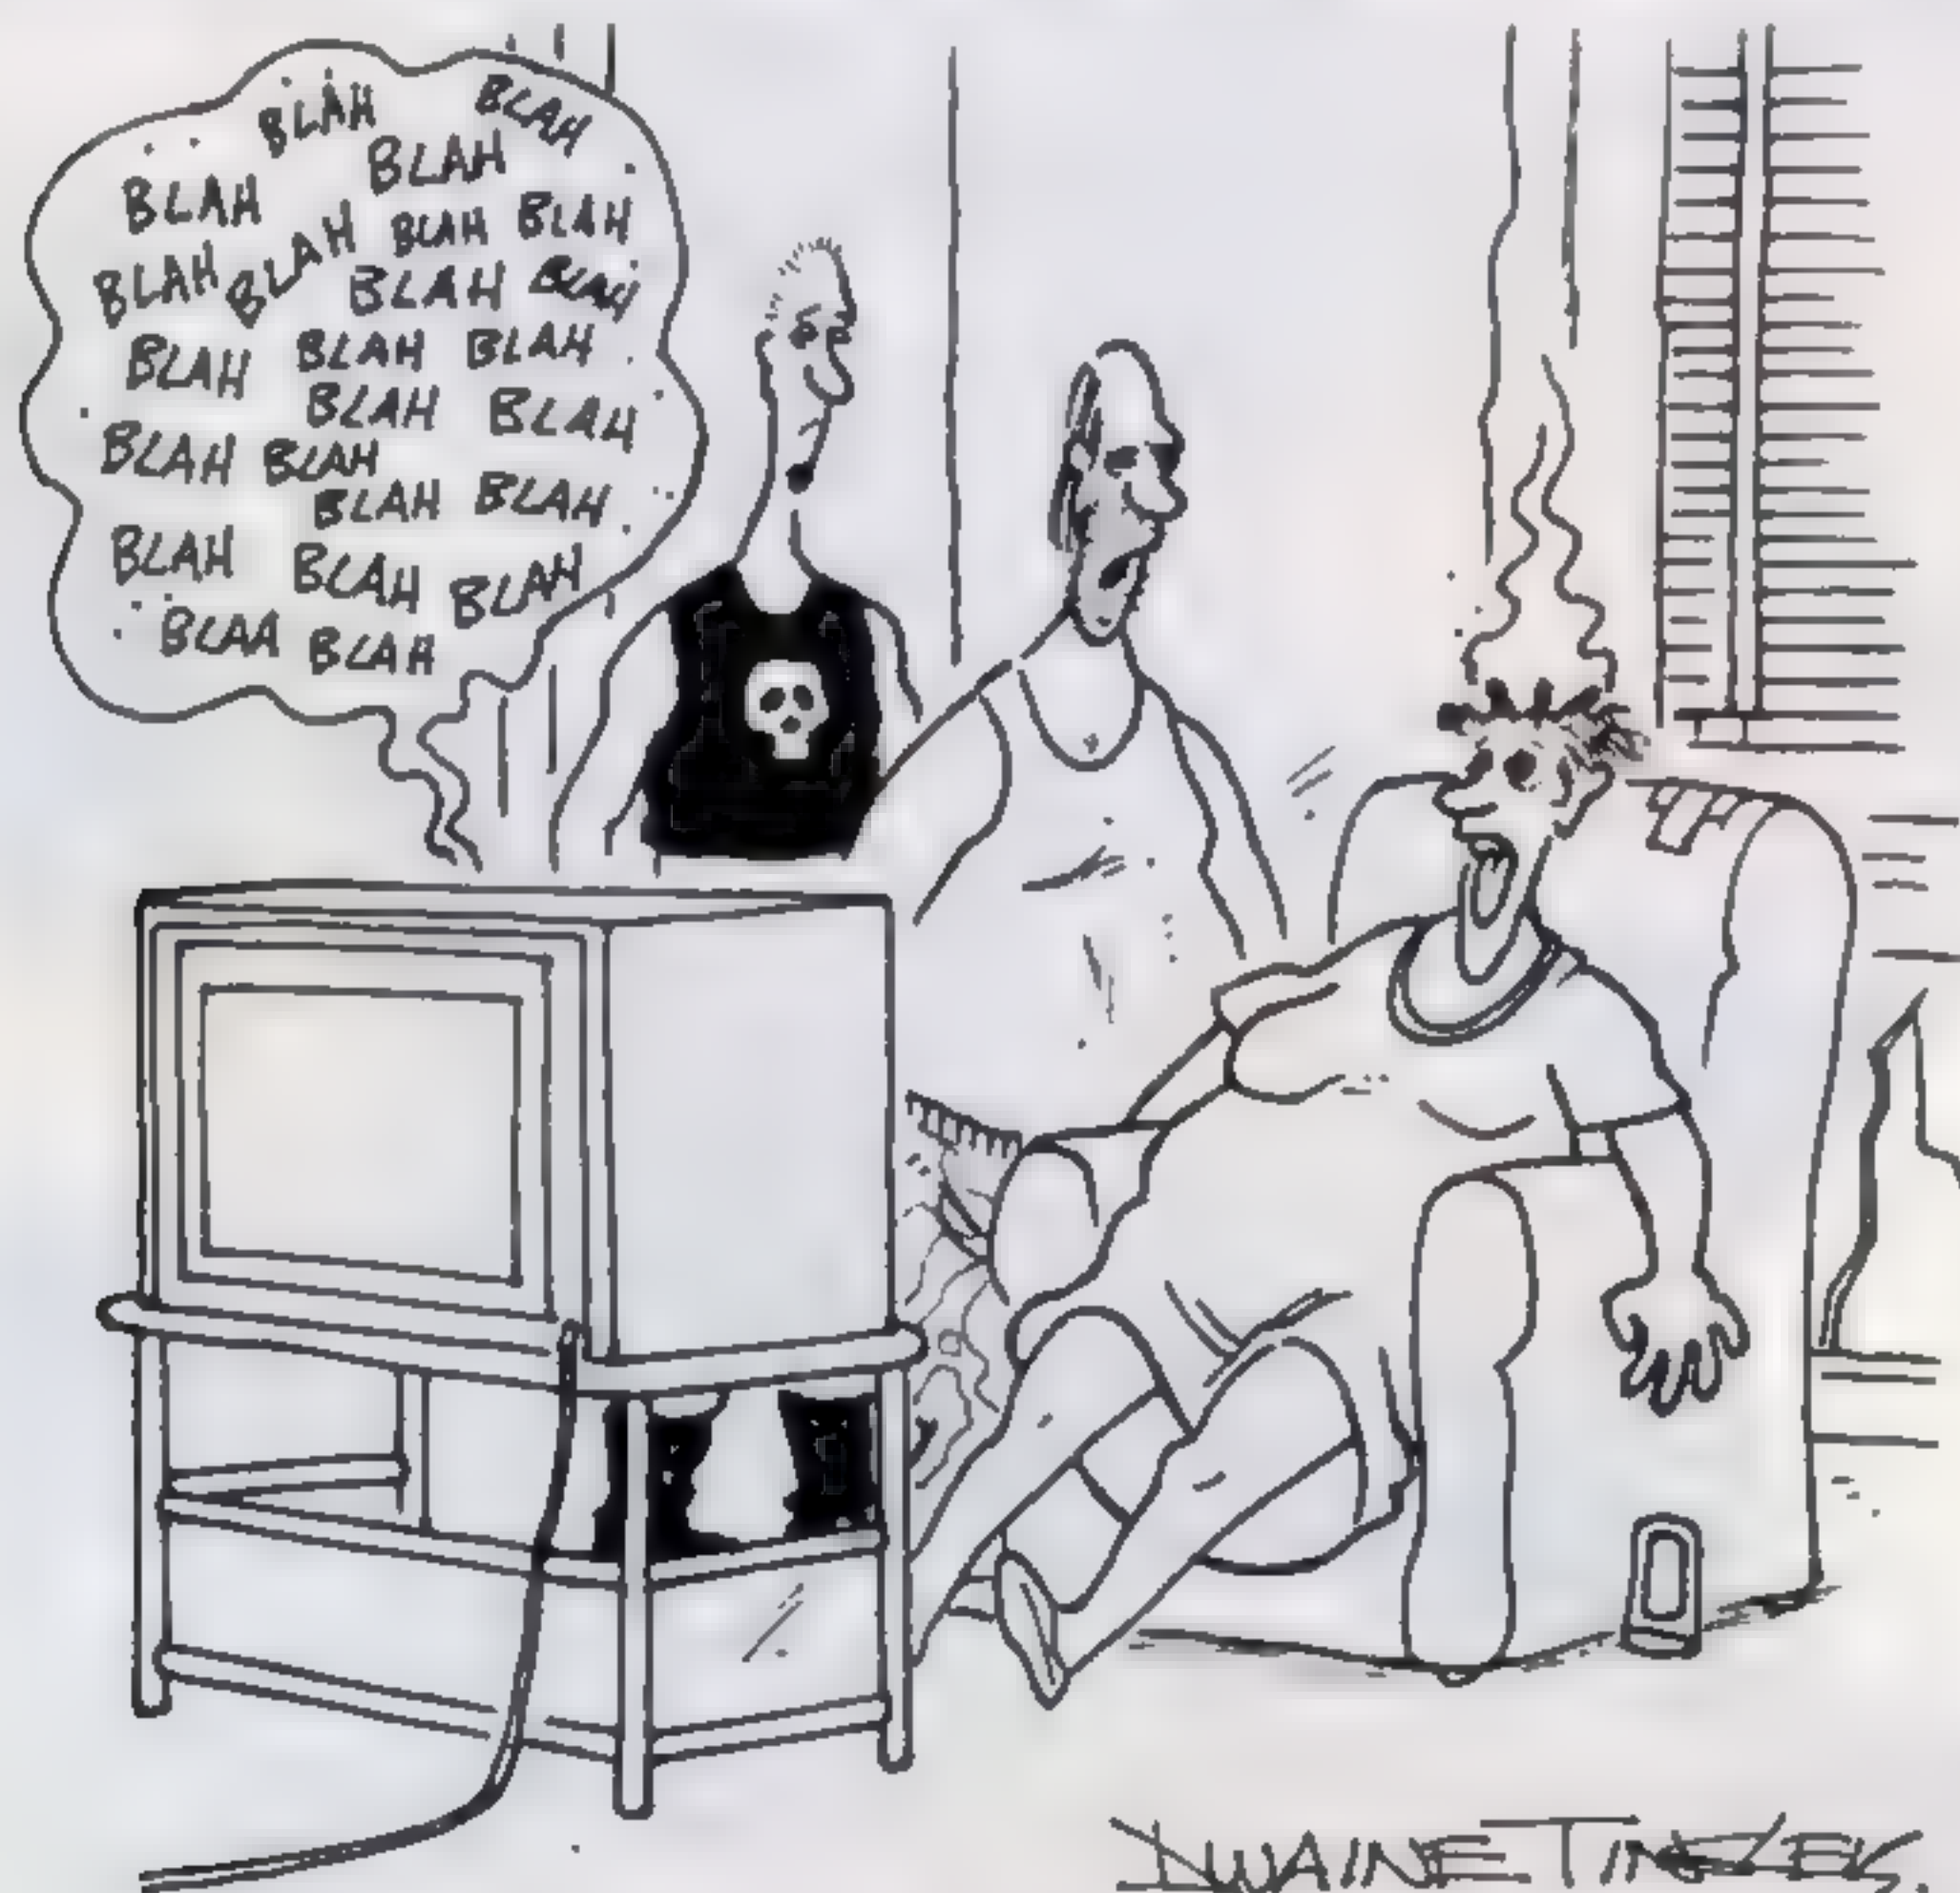

Location, Location, Location. Certain environments lend themselves to especially successful peeping ventures. A warm climate, of course, means less clothing, but there are other factors to consider.

"Shopping malls are probably the riskiest now, because they keep getting more and more of their own hidden-camera surveillance," Wheeler notes. More favorable voying venues feature looser security and large, distracted crowds. "Street fairs are probably the least risky, and the easiest," Wheeler adds. "There's tons of people out on the street, and they're all looking at various things, not really paying attention to what's happening behind them."

Be Discreet. While this advice seems self-evident, the rising voyeur arrest rate suggests otherwise. "Just grab your shot and look like a normal person," Hambrook advises. "If you go sticking a camera in a bag and go looking to try and make a shot where there ain't one, that's stupid."

"You have to approach it very intelligently and not get caught up in the emotion of it—the lust, the excitement—because that's what's gonna make 'em blow it," Wheeler says.

HUSTLER'S HONEY

HUSTLER

HUMOR

A young couple were making out for the first time together, along a country lane. The guy was just about to nail the broad when she said, "Excuse me; I really need to pee."

The girl disappeared behind the hedge. Horny as hell, her new boyfriend reached a hand through the hedge and touched her leg. More and more excited, the young stud brought his hand further up her thigh until, to his great surprise, he found himself gripping a long, thick appendage hanging between her legs.

"Jesus Christ!" the guy shouted in horror. "Have you changed your sex?"

"No," the maiden replied. "I've changed my mind. I'm taking a shit instead."

Little Suzie's mom took her to the hairdresser for a haircut. Suzie was acting a little fussy; so her mother gave her a chocolate-chip cookie.

As the stylist worked, Suzie brought the cookie up from under the bib and took a bite. "Honey," the stylist warned, "you're getting hair on your cookie!"

"Yes, I know," Suzie said with pride, "and I'm getting boobies too."

Question: How are lesbians like Republicans?

Answer: They want to stroke Bush for at least a year.

A white guy, a black guy and a Jew stole a car. Unfortunately, the thieves ran a red light and collided with a truck.

In hell, the devil approached the trio with good news. "It's my birthday," Satan said, "so I'll give you a second chance for just \$100 each."

Back at the accident scene, the white guy stirred, then jumped up. He wasn't even bruised. The cops cuffed whitey and asked how he came through the accident without a scratch when his accomplices were both dead.

The survivor shrugged. "I dunno. Last I saw, Hymie had the devil down to \$89.95, and Leroy was looking for a cosigner."

A drunk salesman asked a bellboy to send a girl up, promising a big tip. The bellhop couldn't find a whore; so he ran out and bought a blow-up doll, hoping the man was too plastered to know the difference.

The next morning, the now-sober hotel guest handed the bellboy \$100. "Son, that friend of yours was the kinkiest whore I ever had."

"You're joking," said the bellboy.

The salesman wiped his brow. "All I did was give her clit a little nibble, and the crazy bitch farted and flew out the window."

The HUSTLER Dictionary defines *Oil of Olé* as: Mexican anal lube.

One Friday afternoon, Debbie and Rita were sitting on the front porch. Rita looked down the street and pointed.

"Here comes my husband with a bunch of flowers," Rita shuddered. "That means I'll be on my back with my legs in the air all weekend."

Debbie asked, "Why, don't you have a vase?"

Question: How many fags does it take to put in a lightbulb?

Answer: Just one, but it takes the entire emergency room to get it out.

Cowboy Dan was captured by Indians. Chief Strongbow said, "You die like warrior, at dawn. We grant you last request."

Dan thought a moment. "I want to see my horse."

The Indians brought Dan's horse into the camp. The cowboy grabbed the horse's ear and whispered something, then slapped the animal on the back. The horse ran off. Two hours later, the horse came back with a naked blonde. She hurried into the tepee with Dan.

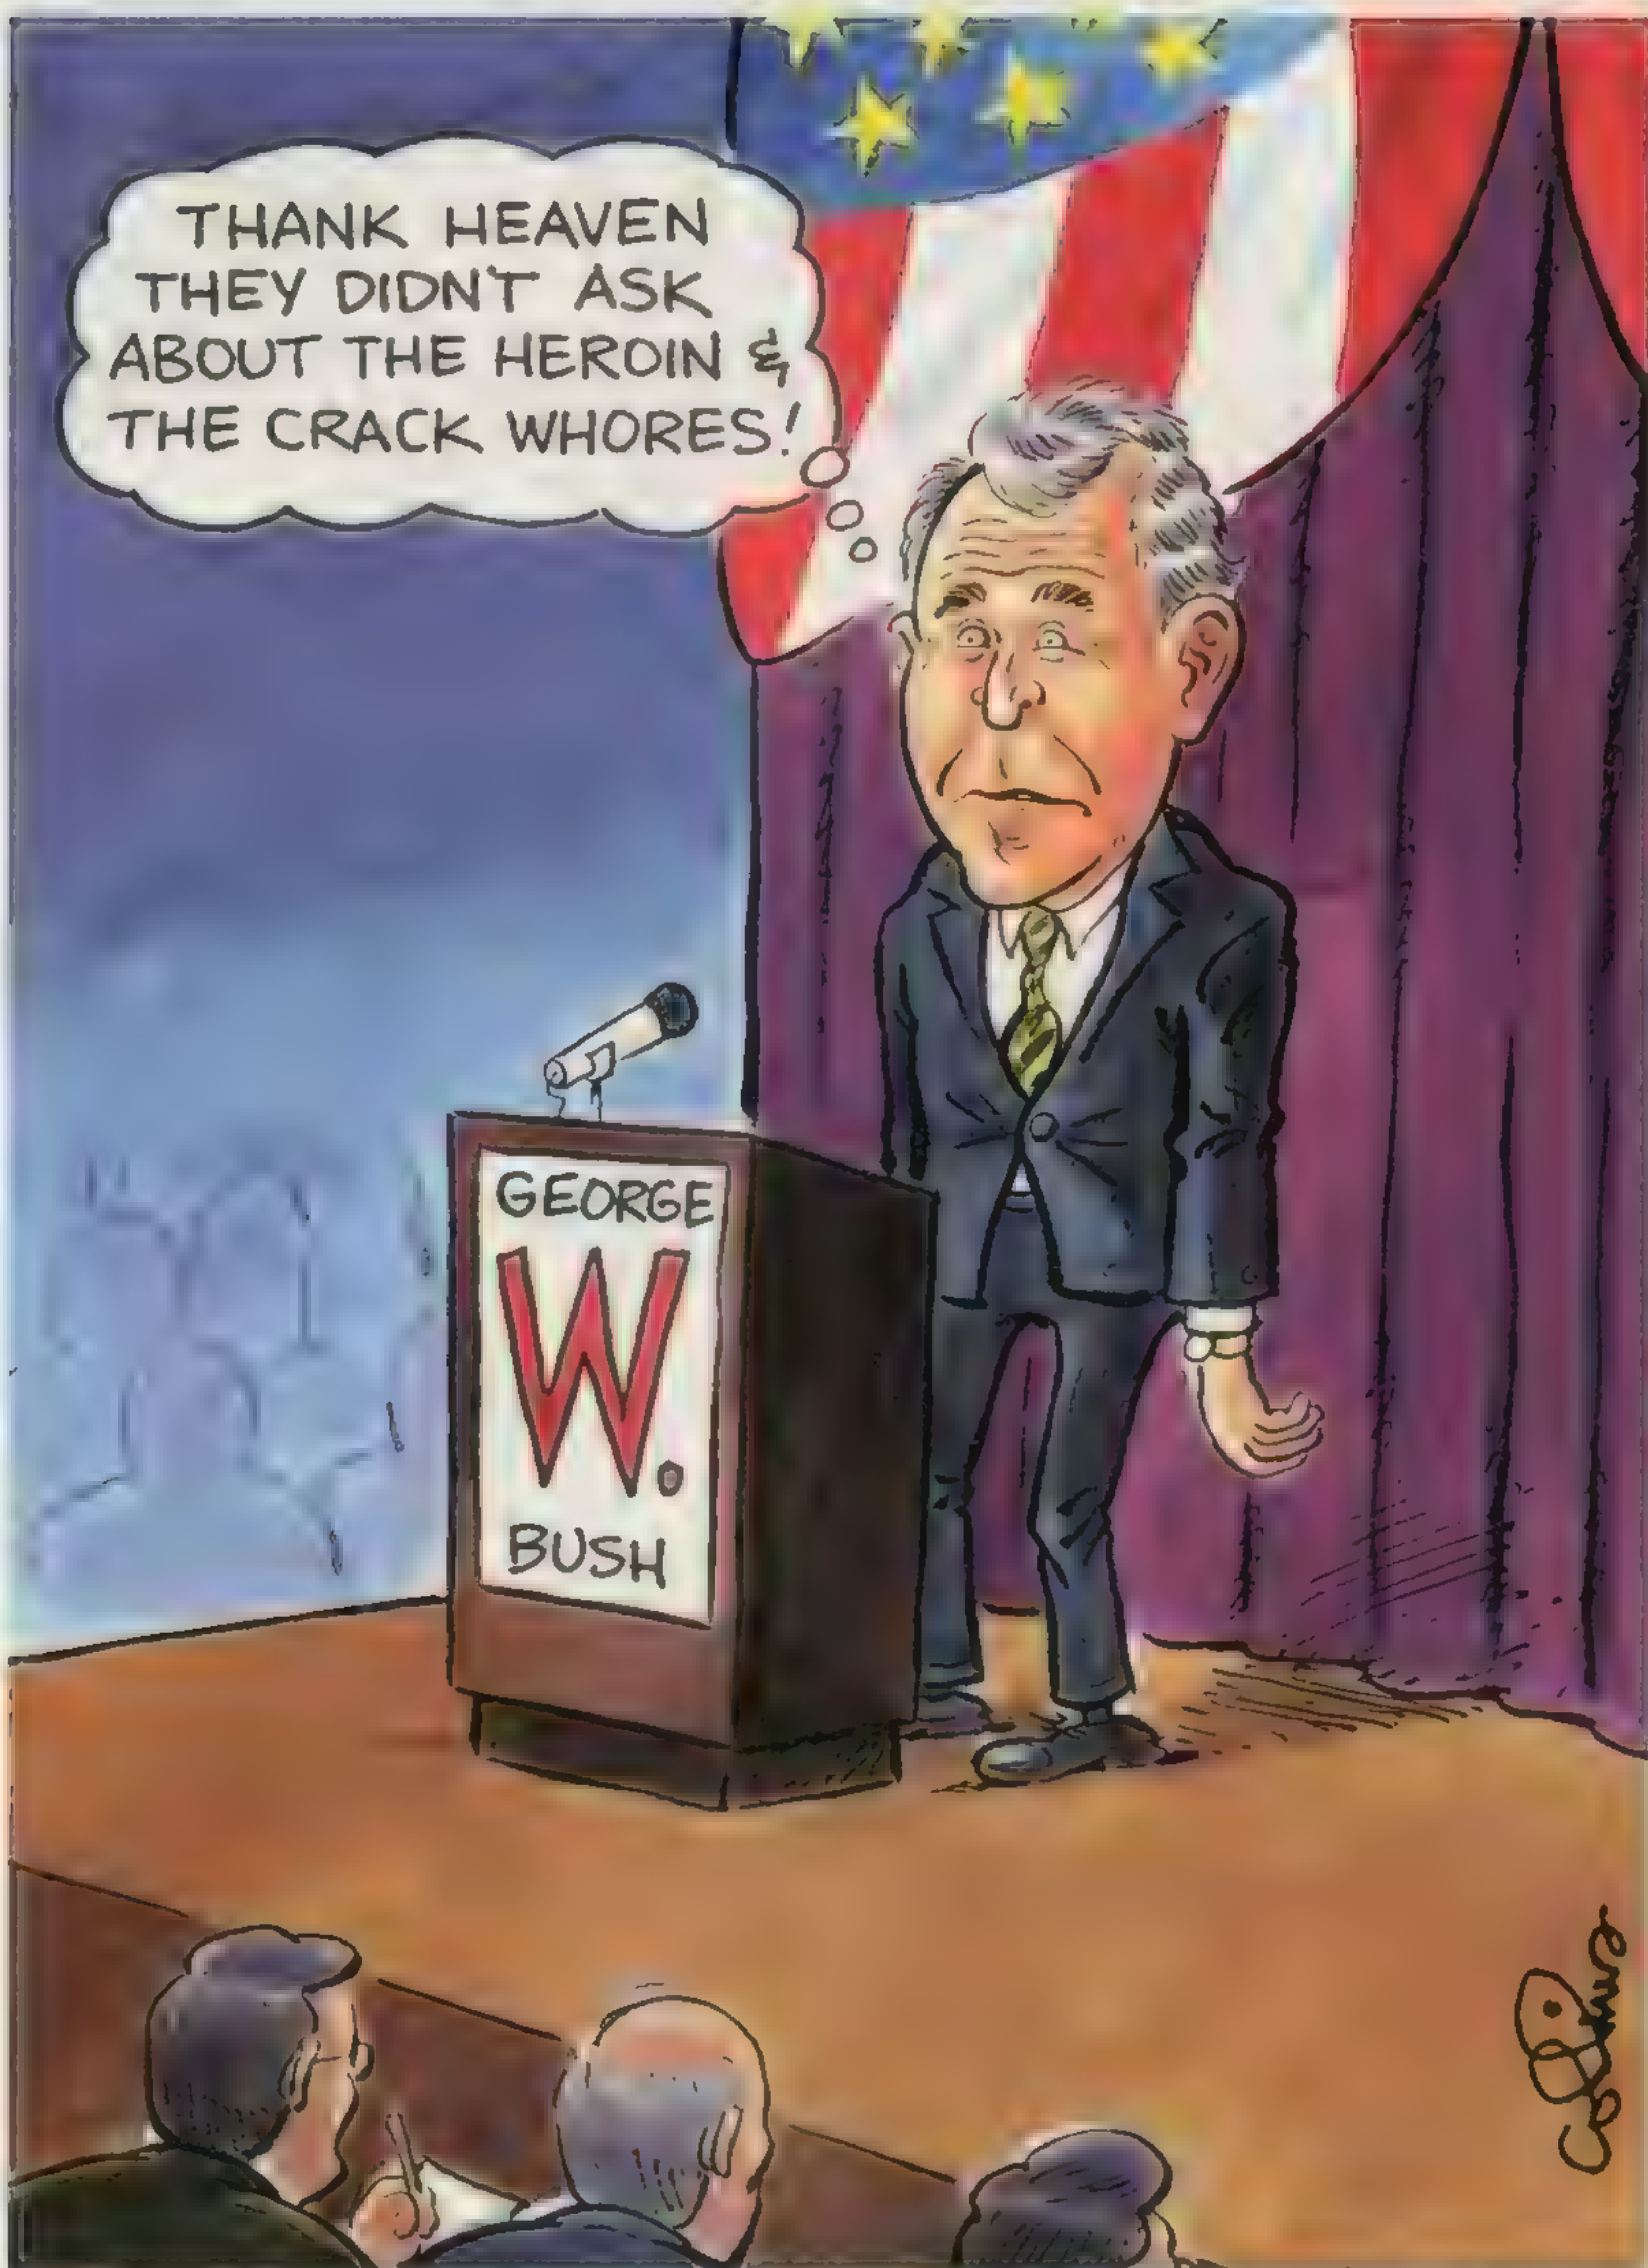

Unmistakable sounds of hard fucking came from the tepee. The noise kept the tribe awake most of the night.

About an hour before dawn, Dan stuck his head out of the tepee and asked, "Can I see my horse again?"

The Indians brought the horse back. The cowboy grabbed the horse by both ears, twisted them hard and yelled, "I said *posse*, damn it! P-O-S-S-E!"

HUSTLER HANDICAPS THE ODDS ON THE END OF THE HUMAN RACE

WHEN?

BETTING ON OBLIVION
WITH DAVID SUCHBINDER

ILLUSTRATION BY ALEX EBEL

Man kind may be on the verge of extinction at the hands of the Y2K computer bug. But what are the chances that the species will last another thousand years? Will scientific progress lead humanity to a new era of life, or will it lead to the end of the world? Will we follow the dinosaurs into extinction?

Apocalypse When?

Best-case scenario: The planet will be vaporized 5 billion years from now when the sun runs out of hydrogen fuel and explodes in a gigantic supernova.

December 31, 2999: A solar-powered tram glides to a halt and unloads passengers in front of a sleek, one-story office building where workers design electronic wallpaper for colonists on Io, one of Jupiter's moons. Birds chirp overhead, and a creek gurgles as it cuts through the lushly forested landscape. A TV screen in front of the office building flashes the results from a ballot initiative put before the world's 10 billion citizens. By a narrow margin, earthlings have voted to reduce the work week from eight hours to five, and to restrict blue-whale breeding in order to reduce the risk of collisions in shipping lanes clogged with cetaceans. A measure to legalize mixed human/robot marriages is roundly rejected.

December 31, 2999: Citizen Y4484-K punches the time clock, then exits the factory airlock; he double-checks his gas mask to make sure the device fits snugly on his face and trudges home. Caustic air sears the exposed skin on his neck, but he prefers grimy city life to a ten-year tour of duty in the Army, clearing fallout from recent nuclear skirmishing. A wave of rats pours through the gutter at his feet in pursuit of an ocean of giant, mutant cockroaches. At the sound of metallic scraping behind him, citizen Y4484-K quickens his

step. In addition to rodents and roaches, his city is infested with superintelligent micromachines that have escaped human control. At the sight of a basketball-sized robot with cruel-looking flesh shredders, Y4484-K sprints for the nearest fallout shelter.

With the modern world perched on the threshold of the third millennium, visions of the future of civilization fall into two broad categories: optimism and pessimism. Optimists champion progress. They expect technological innovation to meet the ever-expanding needs of a growing human population in ways that are in harmony with the natural world. Pessimists, on the other hand, believe that progress will be humanity's undoing, and hold that technology is a Frankenstein monster that will destroy its creators by way of environmental degradation, nuclear holocaust and pandemic diseases.

Human life on Earth is virtually guaranteed to come to an end; the only question is how and when. Best-case scenario: The planet will be vaporized 5 billion years from now when the sun runs out of hydrogen fuel and explodes in a gigantic supernova. With a 5-billion-year head start, humanity has ample time in which to build an interstellar Noah's Ark and

homestead a nearby solar system, but with the Y2K bug stoking fears of a civilizational collapse, many observers doubt that humankind will survive to see Y3K, let alone another 5 billion years.

The breakneck pace of population growth is causing a widely held sinking feeling.

"A largely prospective disaster has turned into the real thing," writes Stanford University Professor Paul Ehrlich in his 1989 book *The Population Explosion*, addressing the ominous growth of human numbers. "There still may be time to limit the scope of the impending disaster, but not much time."

The evils of exponential growth were chillingly demonstrated in a study conducted by the National Institute of Health's John Calhoun in the late 1960s. Calhoun placed four male and four female laboratory mice in a pen with abundant food and water. After three months, the mouse population doubled every 55 days, reaching 620 by day 315, and 2,200 by day 560. At this point, fertility decreased, and mothers attacked and abandoned their young. No baby mice survived infancy after day 600. After four years, only 122 mice were alive.

On October 12, 1999, the 6 billionth person officially joined the other 5.99 billion of us living on planet Earth. Only 100 years ago, the population stood at 1.6 billion. Some 365,000 people are born every day—that's three babies popping out of wombs somewhere on the planet every second.

These alarming statistics stoke fears that humanity is destined to be crushed under its own weight. If birth rates continue at their current increases, the planet will be home to some 300 billion people by 2150.

However, the United Nations projects that there will be only 10.8 billion people 150 years from now, and that the numbers may go into decline at that point.

"Never have fertility rates fallen so far, so low, so fast, for so long, all over the world," explains Ben Wattenberg, a senior fellow at the American Enterprise Institute, a conservative think tank.

Fears that the world will be unable to feed billions more mouths are unfounded, says economist Jacqueline Kasun, author of *The War Against Population*. "World food production has increased considerably faster than population in recent decades," Kasun says.

The human fertility rate has dropped by nearly half since 1955. Male reproductive disorders are up and sperm counts are down. Rather than overpopulation, worry

MAKE ROOM FOR SUGAR DADDY

PHOTOGRAPHY BY CLIVE McLEAN

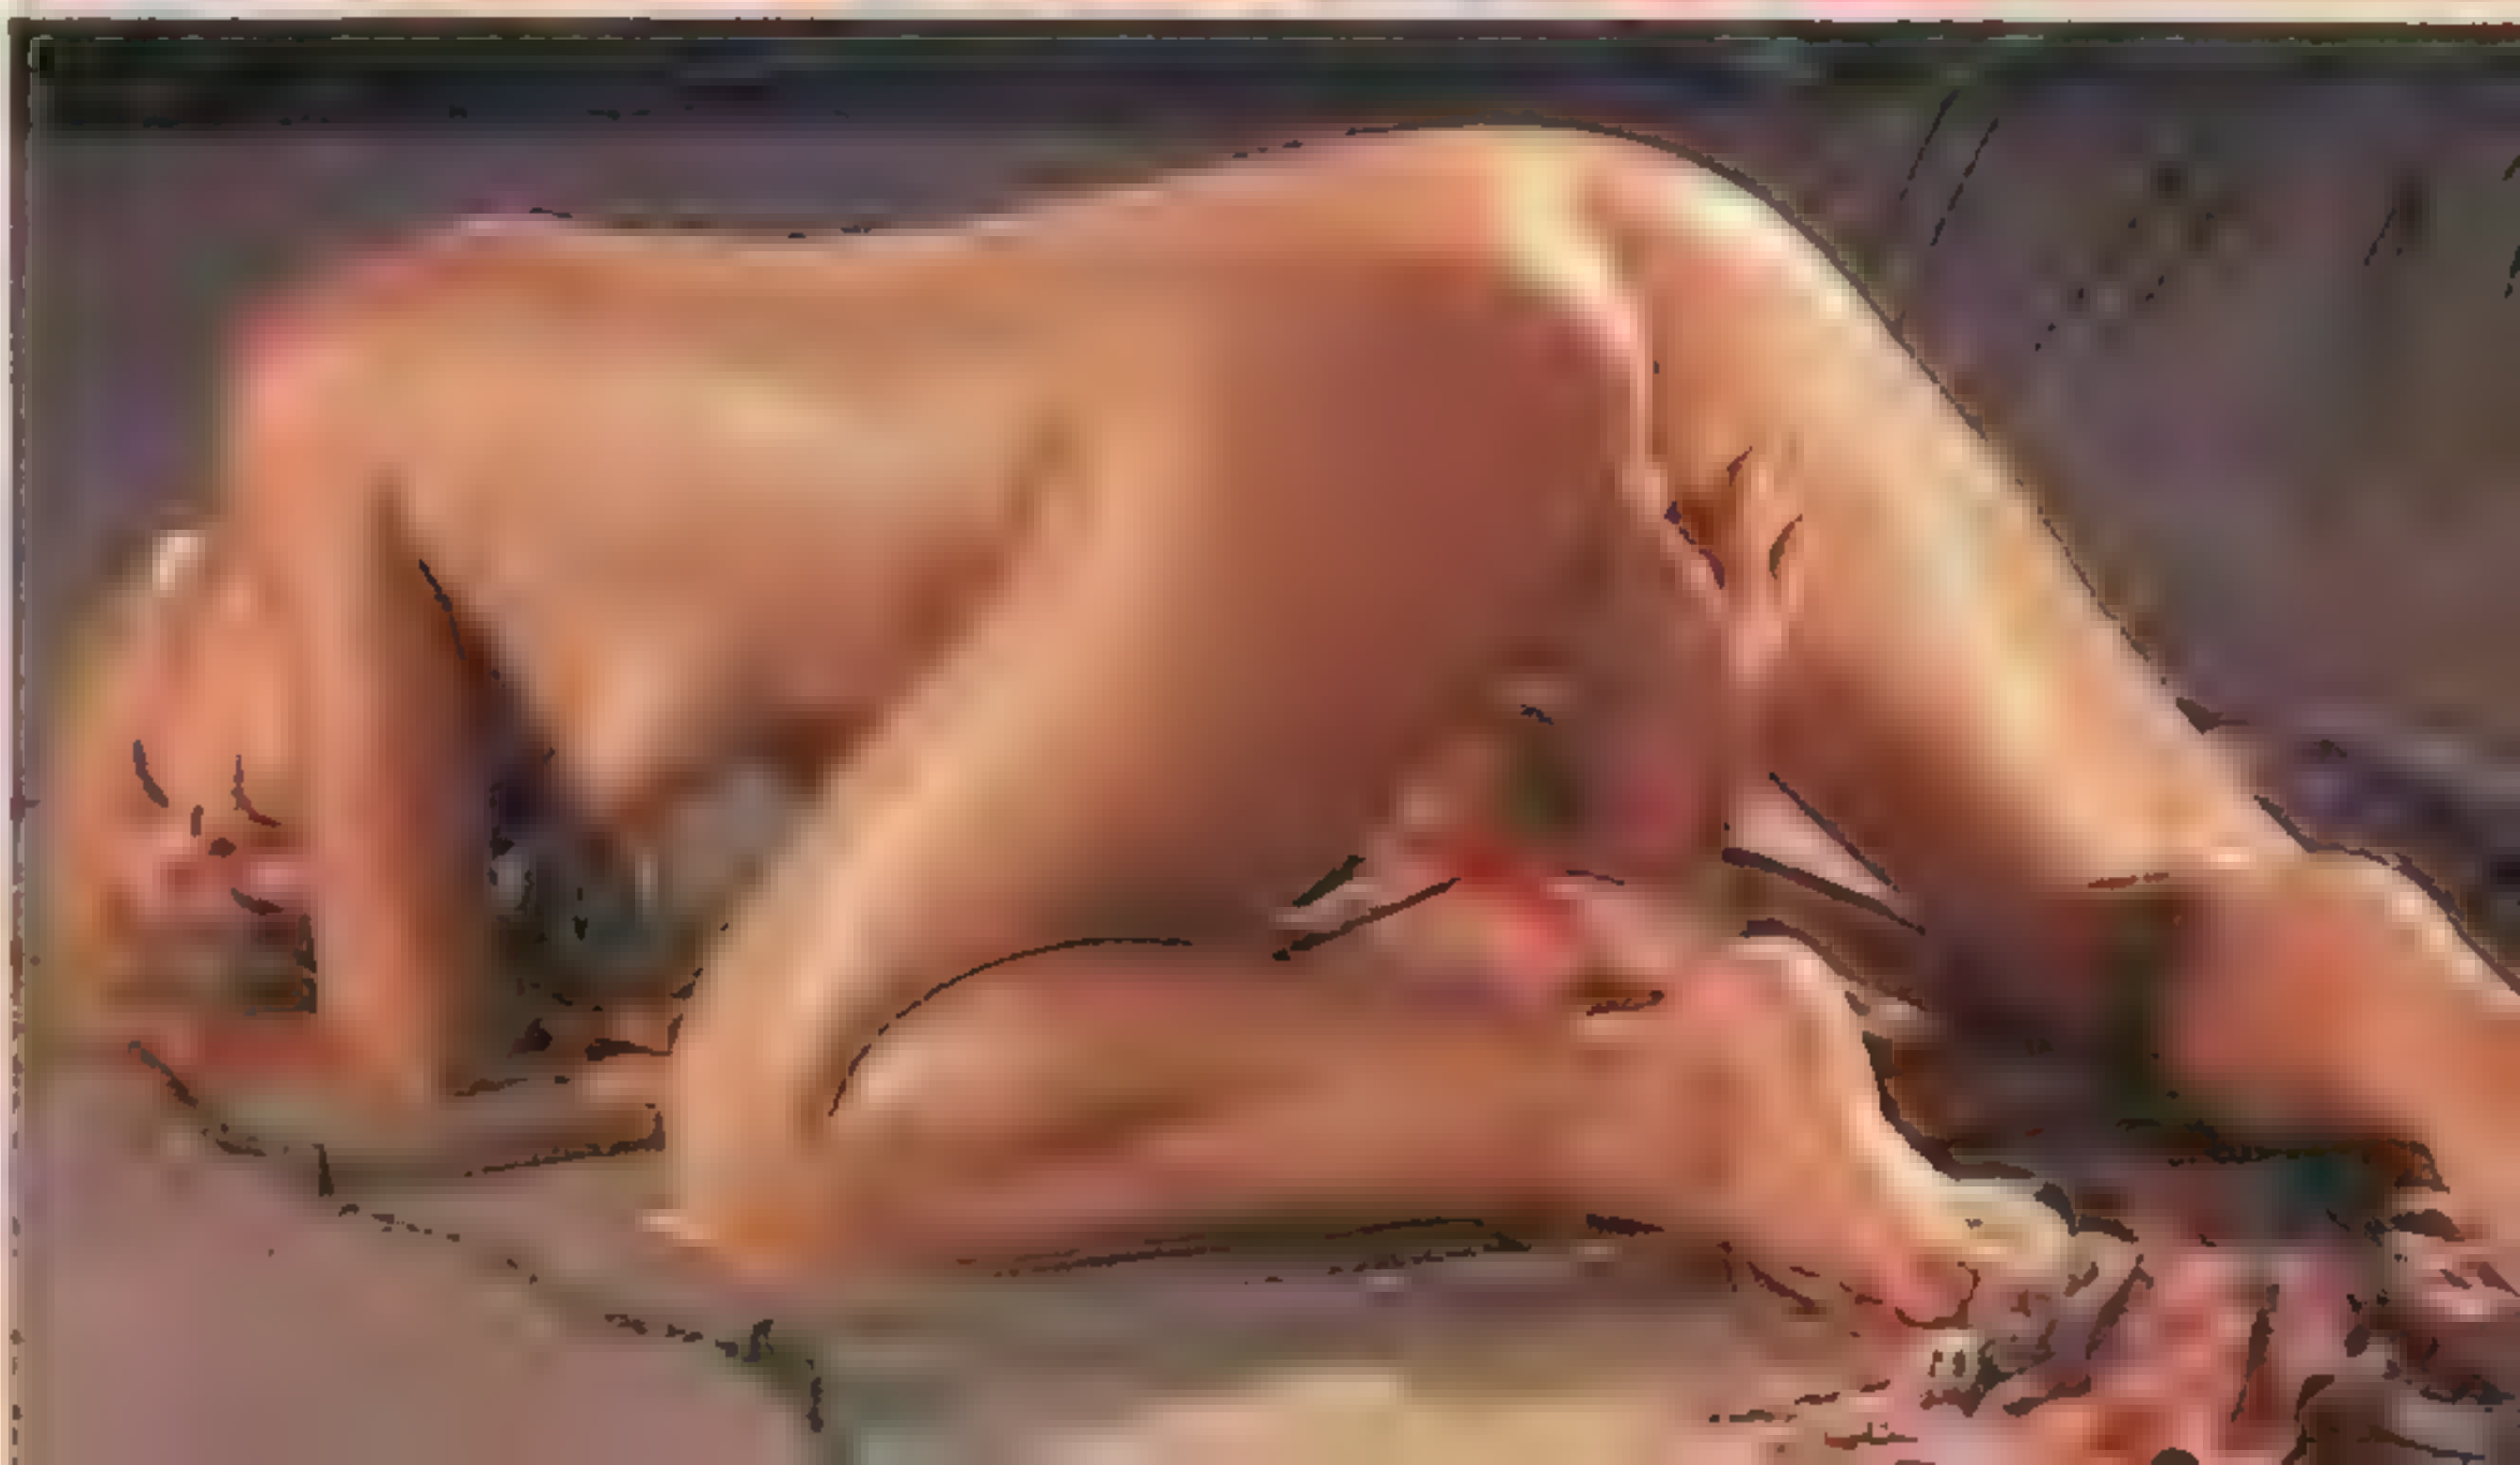

"People call me a gold digger, but I prefer to think of myself as selective—mimes kept blonde Christy, tanning poolside in the midday sun. Everyone looks for certain things in a lover. Am I so bad because my favorite quality in a man is a boatload of money?"

Henrich, my latest benefactor, doesn't reach so mind. A multi-odd bar for himself wouldn't stand a chance in my light, young snapper to be sure, looking rich I hold up my part of the bargain—I keep my legs open and my mouth shut. I even let Henrich join in while I bang Pablo the guy he tried to keep this pool clean.

Sorry, come over to for the sun kiss her pampered ass. "Oh, I know what you're thinking—a pool cleaner is not my type—I find that occasional charity work is good for the soul though. It's true what they say: sometimes to give really is to receive."

Apocalypse When?

(continued from page 84)

Two pounds of Anthrax, a deadly bacteria so simple to produce that it can be made using home beer-fermenting equipment, could wipe out an entire city.

pessimists, a birth dearth may spell the human species's end. A study in the *British Medical Journal* demonstrates a precipitous decline in average sperm volume, from 113 million sperm per milliliter in 1938 to 66 million sperm per milliliter in 1990. If this trend continues, most men could be shooting blanks by the middle of the next century.

Dr. John Gofman, an antinuclear activist, suggests that infertility may be related to the 2,034 tests of nuclear bombs that have been conducted around the globe since World War II. But aside from theorized radiation poisoning of healthy testicles, women in developed countries have access to birth control and tend to give birth later in life. The birth rate in the United States is two children per female; in Europe and Japan, it is 1.4. All of these figures are below the so-called replacement rate of 2.1 children per couple, the minimum required for the continuation of the species.

Driving the gloom about prospects for the future may be humanity's lousy track record during the 20th century. In the past 100 years, untold millions were slaughtered on battlefields, nuclear power proliferated, and natural resources were raped at an unprecedented rate.

With the advancement of science, more things can go apocalyptically wrong now than ever before.

Super-lethal biological agents could fall into the hands of a madman. Two pounds of Anthrax, a deadly bacteria so simple to produce that it can be made using home beer-fermenting equipment, could wipe out an entire city.

A near-bankrupt Russia has found it difficult to safeguard its lethal stockpile of weapons; accordingly, fears of A-bomb annihilation have multiplied at the same rate as nuclear-capable breakaway republics have proliferated.

"Russia may soon approach a threshold beyond which its missiles and nuclear systems become uncontrollable," Russia's former defense minister, Igor Rodionov, has warned. Former Russian National Security Chief Alexander Lebed has said that his country's military has lost track of more than 100 suitcase-sized nuclear devices, collectively capable of killing 10 million people.

Genetically engineered seeds have boosted crop yields, but critics warn that such tampering could sterilize the world's bread basket.

"The large-scale release of transgenic organisms could be worse than nuclear weapons as a means of mass destruction,"

says Dr. Mae-Wan Ho, an outspoken critic of so-called Frankenstein foods.

"Besides the promise of good food and a long life, biological technologies also hold out the specter of mass extinction," warns Gordon L. Anderson, secretary general of the Professors World Peace Academy, a peace group. "Plagues could be produced to exterminate people the inventors dislike."

For all the rhetorical gloom, a quiet minority of professors and pundits have found compelling evidence that there is a sunny side to the human condition.

"You pick any place in the world and any date in the future, and I'll bet you the world shows improvement rather than deterioration," said Julian Simon, the late University of Maryland economist who studied population issues and was the leader of a group of scientists known as *cornucopians*, so named for their optimism regarding the nature of progress. "The main fuel to speed our progress is our stock of knowledge, and the brake is our lack of imagination."

John McCarthy, a professor of computer science at Stanford University, has tracked a number of measures of progress and finds that conditions have improved with time, including increased access to material goods, increased life spans, reduced childhood death and increased opportunities for education. Even intangible factors such as consideration for the environment and for less advanced peoples are judged to be on the rise.

"None of these advances ensure that everyone will be happy," McCarthy says. "However, I believe that progress has resulted in less acute unhappiness. Someone who thinks otherwise should explain how parents were just as happy when half of their children died in childhood."

Whether or not the average citizen has a smile on his mug may seem immaterial when he is threatened with ecological holocaust, a fate that is historically precedent.

Easter Island, a 64-square-mile dot in the Pacific Ocean, 2,000 miles off the coast of South America, is known for its blank-faced stone statues—some of them weighing up to 82 tons—that overlook the sea. The peaceful island theocracy unraveled when the palm trees used to transport monuments and build the canoes needed to hunt porpoises became scarce. As a result of the deforestation, most bird species died out. Competing clans engaged in constant warfare over the limited resources. By the time Captain

Apocalypse When?

(continued from page 94)

Nothing but the law of averages prevents a comet capable of wiping out Earth from striking. Astronomers expect a killer comet once every 100 million years.

James Cook reached the island in 1774, the population of 20,000 had dwindled to 2,000. The once-lush landscape was barren, and cannibalism was widespread.

The contemporary analogue to Easter Island is the global-warming theory. By this widely held end-of-the-world scenario, greenhouse gases belched into the air by automobiles and factories are warming the planet's atmosphere, causing the polar ice caps to melt. Las Vegas hotels, to hear a global-warming alarmist tell it, will one day sink into the Pacific Ocean.

Global warming anticipates anarchy, widespread disease and massive loss of life, giving rise to a subculture of extreme pessimists that have already begun to brace themselves for the end times.

Today's version of the 1950s bomb shelter is the backwoods redoubt, stocked with freeze-dried food, water-purification tablets and plenty of ammo. The much-heralded beginning of the end has prompted self-styled Noachs to begin preparations for TEOTWAWKI (tay-o-twa-kee), survivalist slang for "the end of the world as we know it."

"The Industrial Revolution and its consequences have been a disaster for the human race," wrote Unabomber Theodore Kaczynski in his famous mani-

festo, *Industrial Society and Its Future*. "They have destabilized society...have subjected human beings to indignities and have inflicted severe damage on the natural world. The continued development of technology will worsen the situation."

However, Kaczynski's conviction that progress leads to ruin does not enjoy a unanimous consensus.

"As countries get richer, they can afford a cleaner environment for people, and they can afford more resources for nature without reducing their standard of living," says Stanford University's John McCarthy.

In spite of apparent warning signs, such as the fact that 1998 was reported to be the hottest year on record, a rising chorus of scientists, only some of whom are on the payroll of the oil and gas industries, dispute the global-warming theory. More than 17,000 scientists from around the world signed a petition sponsored by the Oregon Institute of Science and Medicine. The Oregon petition reads in part: "There is no convincing scientific evidence that human release of carbon dioxide, methane or other greenhouse gases is causing, or will in the foreseeable future cause, catastrophic heating of the Earth's atmosphere and disruption of the Earth's climate."

When a glacier the size of Rhode Island calved off Antarctica, the event was widely regarded as proof of global warming. However, according to University of Alaska Geophysical Institute glaciologist Keith Echelmeyer, "To make a case that glaciers are retreating, and that the problem is global warming, is very hard to do. The physics are very complex. There is much more involved than just the climate response."

"Will global warming melt the big Antarctic ice shelves?" asks the prestigious journal *Nature*. "On the contrary, a study shows that moderate warming might actually thicken them."

Is the apocalypse a hoax?

Although the problems of pollution, poverty and resource depletion are grave, predictions of the demise of humans and the planet we inhabit have so far been persistently premature.

Tertullian, a Carthaginian theologian, lamented in 200 AD that "men have become a burden to the Earth; the fruits of nature hardly suffice to sustain us. Plague and famine, warfare and earthquake come to be regarded as remedies, serving to trim and prune the superfluity of population."

In the fourth century, when the world's population was some 250 million, Saint Jerome warned, "The world is already full, and the population too large for the soil."

In 1968, Paul Ehrlich wrote in *The Population Bomb* that "the battle to feed all of humanity is over. In the 1970s and 1980s, hundreds of millions of people will starve to death in spite of any crash programs embarked upon now."

Doomsday scenarios fizzle when they involve speculation and extrapolations based on variables that are impossible to predict. Reverend Thomas Malthus reasoned in 1798 that the growth of population would always outstrip the means of production, and that humans were therefore destined to starve to death in huge numbers. Malthus was unable to foresee that food supplies would triple every time the population doubled due to advances in agriculture.

But some potentially catastrophic events are beyond human control.

Nothing but the law of averages prevents a comet capable of wiping out 90% of the life forms on Earth from striking the planet. Astronomers expect a killer comet once every 100 million years. The most recent such strike, a collision that probably ended the long reign of the

Annette, 34, used to assemble tables in a factory, but now she relaxes at home with her truck-drivin' hubby. Altavista, Virginia, is where Annette makes her nest. The curly-topped blonde loves to dance and pose for pictures. She dreams of posing nude on top of the cab of her ol' man's big-rig Peterbilt. Your vision would certainly inspire air-horn blasts from the trucking community!

Jazmin is a legal secretary from Biloxi, Mississippi. She is so sick of reading legal briefs that she doesn't even wear the cotton kind. Working out and drawing are the hobbies of this Southern belle. Having recently turned 20, Jazmin has been entertaining new sexual fantasies. "I want to be blindfolded and touched all over by a pack of girls and my boyfriend," admits beautiful Jazmin. There isn't a law against that in Mississippi, is there?

"Full-time sex goddess" is the occupation that long-legged Shienna lists for herself. Always horny, the 24-year-old Los Angeles, California, brunette aspires to be a professional nude model.

Shienna admits that her "most orgasmic fantasy would be pounding my asshole down around my boyfriend's prick while my girlfriend licks my slit." May the flock worship your body forevermore, Shienna.

Tall and leggy Sara lives and works on a horse farm on the outskirts of Minneapolis, Minnesota. She lists her occupation as "wrangler", and "horses" as her only hobby. Sara does dream about other things besides big and hairy neurotic beasts. The 23-year-old Midwesterner harbors a secret desire to prance around naked in a HUSTLER photo layout. Sexy Sara would win a blue ribbon for sure.

Photo by Boyfriend

"As long as I'm nude, I am happy," admits 22-year-old Tatiana. Sporting an all-over tan, the bottle blonde enjoys her time as a naked housemom. "Cooking in the nude, cleaning in the nude and nude beaches away from home" provide Tatiana (and her family) with constant thrills. Millersville, Pennsylvania, is the place for Tatiana's naked prancing. Her fantasy of fucking "six men at one time" includes having them "licking my ear, kissing me, sucking my tits and eating my pussy and asshole." Sounds like you're already undressed and ready.

Raven is 21 and loaded with fun, despite her look of disdain. "I have an uplifting personality, really," asserts the dark-haired damsel. Springfield, Ohio, is home to Raven, who boasts of having a career as a popular dancer in that fine city. On her off time, Raven enjoys collecting music and ceramic unicorn figurines. Sexually speaking, Raven hopes to "make love to a man on horseback." Will you break him in first?

What about us, Haley? We've been good!

Leslie is a florist who enjoys the great outdoors and a whole lot more. "Fishing, camping and sucking cock" are Leslie's favorite pastimes. Detroit, Michigan, is Leslie's stamping ground. The hot 29-year-old is currently entertaining thoughts of public fornication. "Having sex with my man in a movie theater" is the sandy blonde's ultimate sexual fantasy. Just promise you won't jump your man's bones in a matinee showing of *Muppets in Space*.

Photo by Boyfriend

An artist from Salem, Oregon, Brandy is a stiff drink who enjoys stiff cock. Brandy's hobbies include gardening and creating stained-glass windows. The creative 34-year-old has a wish for herself that is anything but selfish. "I want to see my pussy in *HUSTLER Magazine*," she tells us. As of this moment, you have, and so have millions of *HUSTLER* readers. Thanks, Brandy.

Sweet Candi is a receptionist in Camp Verde, Arizona. On her off time, Candi enjoys camping, motorcycle riding and "giving blowjobs to my husband." The spunky 43-year-old has two fantasies: "to pull a train, and to make it with another woman." How about you lick some juicy pussy while the boys take turns plowing you from behind, Candi?

Photo by Husband

Riding horseback is an activity that raven-haired Hailey finds especially stimulating. A horse trainer by trade, the 28-year-old enjoys hearty gallops around the ranch property where she works in Fort Lauderdale, Florida.

"A threeway with Shania Twain" is Hailey's secret fantasy, but she doesn't list a third partner. Perhaps a HUSTLER reader could fill the slot!

Photo by Eric

Seductive Shelly loves to jet-ski and swim. "Anything that makes me wet," she adds. "That includes foreplay, women, men and food." In addition to orgasms and lunch, Shelly lets it be known that she's hungry for fame as well. She's an actress and dancer from Las Vegas, Nevada. The 27-year-old enjoys stripping naked at every opportunity; yet her sexual fantasy is simply to "receive head while masturbating." When you discover what works, why ask for more?

With those 38s of yours, you'll be the belle of the sex ball.

Great Southern snakes! Jillian is 18 and fearless. A waitress from St. Petersburg, Florida, Jillian is a snake charmer who can charm the pants off many a Southern man, but she yearns to spread her legs for a lady. "I'm a bisexual woman, but I have not found the right beauty yet," confides the buxom blonde. "I'd love to eat some pussy while taking a stiff, hard cock from behind." Sounds like a rebel yell for love.

Photo by Boyfriend

Pandora is a 22-year-old student who enjoys "reading, writing and fucking." That's some curriculum! A rock 'n' roll masochist, Pandora frigs herself bloody dreaming about "receiving a royal pounding from Gwar's lead vocalist, Oderous Urungus." The Gwar-girl wanna-be aches to be "devoured by the world maggot onstage while Gwar's dominatrix Slymenstra watches."

Not much else to think about in Waterloo, Iowa, is there, Pandora? Have you tried church?

Video Voyeurs

(continued from page 68)

Know Your Boundaries. "You don't want to trespass," Hambrook emphasizes. "You don't want to be on anybody else's property when you do it. You want to be in a public place so you can have the First Amendment rights behind you and the implied-consent laws behind you."

Know Your Rights. Despite the flurry of recent antivoyeur legislation, don't be intimidated if a mall rent-a-cop attempts to detain you or seize your equipment. If a security guard tries to confiscate your camera, Hambrook suggests, "You tell them to go jump in a lake."

"You put a hand on me, and that's battery. You tell me you're going to kick my ass if I don't give you that tape, that's assault," says Hambrook, who says he has experience working as a security guard. "I think people should be aware of their Constitutional rights. I mean, everybody's got rights but the voyeur? I don't think so."

In the end, the biggest obstacle to video voyeurism might not be increased legislation, but competition. According to Hambrook, some 125 sites dedicated to voyeurism are currently active, and "just about every commercial [adult] site has voyeurism material on it."

Professionally produced fraudulence

abounds; Pixis's *Surveillance Sex* video created a firestorm of media controversy by claiming to be the work of a special "V Team" of video voyeurs. Apparently, journalists were too busy *tsk-tsking* to actually watch the video. The most cursory look at *Surveillance Sex* reveals its inauthenticity, featuring multiple camera angles and professional woodsman Ian Daniels as one of the "unsuspecting" victims.

"I would guesstimate that a good 70% of these pictures are staged or posed," Hambrook suggests. "If the quality's not there, it's real—that's my acid test. If it's low-light and grainy, chances are it's probably real."

Hambrook, like Wheeler, admits to staging shots on his site with hired models. "I think there's a market for that stuff, providing it fulfills a fantasy. If a guy believes it's real, it's real. That's the bottom line."

Still, the current state of the voyeur union doesn't sit well with Hambrook. "Competition for voyeurism didn't use to be an issue," he laments, noting that Kandid-Pic's former high-water mark of 3,000 subscribers has declined sharply in recent years. "When I started out, there were only three of us; it used to be a status thing. Nowadays, everybody's trying to do like I am and get rich off of it—like they think I am."

Apocalypse

(continued from page 102)

dinosaurs, left a crater of more than 112 miles in diameter on Mexico's Yucatán peninsula.

"A similar blow today would almost surely wipe out humanity, along with much of the life that shares the planet with us," says astronomer Robert Burnham. "Even a somewhat smaller impact, of the kind that occurs roughly every 20,000 to 200,000 years, would cause tremendous harm to human civilization."

Dinosaurs disappeared some 65 million years ago; Earth is about due for another impact. If a monster rock is on a collision course with the planet, astronomers are confident they'll be able to spot the object in time.

"Not many big ones are going to take us by surprise," says Don Yeomans, manager of NASA's Near Earth Object Program. "Typically, you get ten, 20, 30 years of notice."

Yeomans may be guilty of overconfidence. In 1994, a boulder the size of a house was spotted only a week before it squeaked past the planet with a margin of 64,200 miles, which is a little more than one-quarter of the distance to the moon.

"People like to imagine that there are battalions of astronomers scouring the skies. There aren't," says Dr. Duncan Steel, an astronomer at the Siding Spring observatory in Australia. "If a half-mile asteroid is due to hit us next week, you can expect six seconds' warning. By the time you've turned to look at it, it will have struck the ground, releasing energy equivalent to 10 million times the Hiroshima bomb. Then it's goodbye."

A healthy concern over threats to the long-term viability of the species, including harm done to the environment, is a survival strategy that has helped Homo sapiens attain a spectacular degree of mastery over the natural environment. Excessive pessimism, though, may be a self-fulfilling prophecy.

"An erosion of our belief in progress may be dangerous, because it may lead to stagnation, conservatism and particularism," says Francis Heylighen of the Free University of Brussels. "It manifests itself as a widespread culture of pessimism and a feeling of hopelessness."

"Optimism is a strategy for making a better future," says noted linguist and social theorist Noam Chomsky. "Unless you believe that the future can be better, it's unlikely you will step up and take responsibility for making it so. If you assume that there's no hope, you guarantee that there will be no hope."

"Sir, the captain has turned on the seat belt light, so I'll have to ask you to return your lady friend to the upright position!"

years with over 15 million
satisfied customers.

Easy To Use!
Fast Results!

HERE IS WHAT THE
DR. BROSS PROFESSIONAL

CERTIFIED
AND APPROVED
FOR PENIS
ENLARGEMENT
BY DR. BROSS

Increase penis thickness and length ■ Stimulate a harder
and more powerful erection ■ Exclusive design maintains
your erection (use my exclusive Comfort Fit Erection
Prolong Ring for extended sex) ■ Increase confidence, sex
drive and sexual performance ■ Intensify your orgasm.

The Dr. Bross Penis Enlargement System exclusive
features not found on any other pumps.

- Our Exclusive Power Vacuum Controller adjusts the right amount of vacuum for your penis enlargement
- Exclusive Injection molded totally enclosed Vacuum Seal clear cylinder Guarantees 100% Vacuum and no air loss

Our 15 million customers tell us the
Dr. Bross pumps are #1

We receive thousands of letters from satisfied customers - so many to print here. This is a typical letter from a satisfied customer.

"I wasted a hundred dollars on a couple of pumps. One broke right away and the other didn't do a thing. Then I tried the Dr. Bross Trigger Pump and it was absolutely amazing! The pump did exactly what you said it would do, enlarge my penis. I'm a very happy man and so is my wife. Thank you very much."

- Bob R., Chicago, Illinois

Adult video actors tell us the Dr. Bross Pumps are #1
Here is a letter from adult video actor Jon West

"The Dr. Bross pump is fantastic. Use it and so do many other adult video actors. For total penis enlargement to make you thicker and longer it is the only pump to use. It's not a toy masturbator like the other pumps. The Dr. Bross pump is 100% for penis enlargement."

In addition to customer satisfaction, an independent
testing company says Dr. Bross Penis Pumps are #1

Tests determined the effectiveness and reliability for each pump. A large number of penis pumps failed after only less than 100 strokes. Tests measured the amount of vacuum created and sustained or if there were leaks due to air loss.

■ The squeeze bulb pumps and the centrifric or center push pumps vacuum was not sustained because the pumps are attached to a straight cylinder with glue where a leak would occur.

■ The electric pumps use a fish aquarium motor converted from blowing bubbles in water to suck air. The vacuum created was minimal and not the vacuum needed for penis enlargement.

■ There were two battery pumps tested. The Dr. Bross pump has a removable motorized housing so the clear cylinder could be cleaned separately. The other battery pump is one piece and when cleaning the cylinder would cause damage and rust to the wires, battery and motor.

■ The Dr. Bross exclusive power vacuum controller is included in all their pumps and creates and sustains the vacuum needed for penis enlargement. This feature is not found on the other pumps.

■ The Dr. Bross cylinders are made of the highest quality injection molded clear Resin-K for strength and to easily view the penis enlargement. The cylinder is totally enclosed to prevent vacuum loss. The other manufacturers cylinders were cloudy and the plastic was cut from straight raw stock and glued to the pumps.

■ After all of our tests we have determined that the Dr. Bross penis pumps are far superior to any other vacuum pumps for penis enlargement.

■ For the most features the Dr. Bross Trigger penis pump was rated number one of all penis pumps.

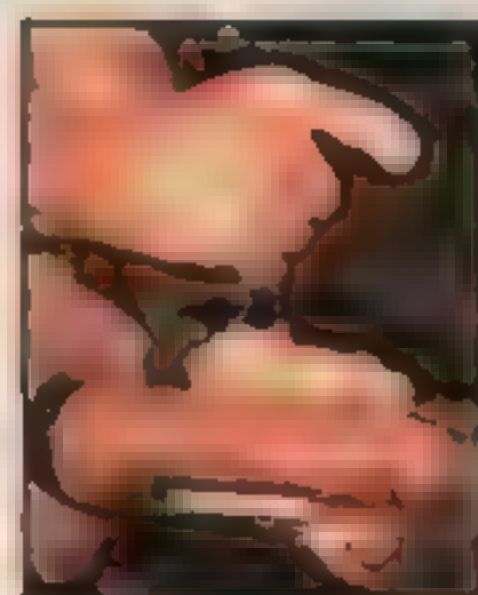

Dr. Joel Bross is a noted sex therapist, clinical sexologist in private practice since 1974. He specializes in sexual concerns for both women and men. He is responsible for the production of numerous educational sex videos.

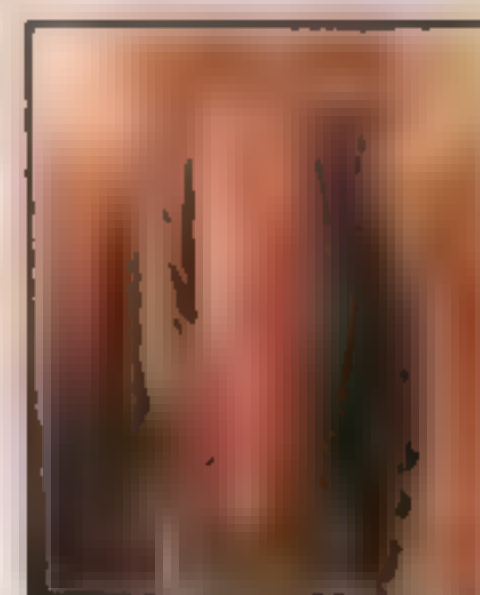

Insert the small soft penis into the clear cylinder. The exclusive cylinder ring makes a perfect vacuum seal.

Start the pumping and immediately you will see your penis grow thicker, harder and longer. Watch your penis grow to mammoth dimensions.

Reach your maximum potential up to 12 inches. You are now ready for sex or for extended sex use the Comfort Fit Erection Prolong Ring.

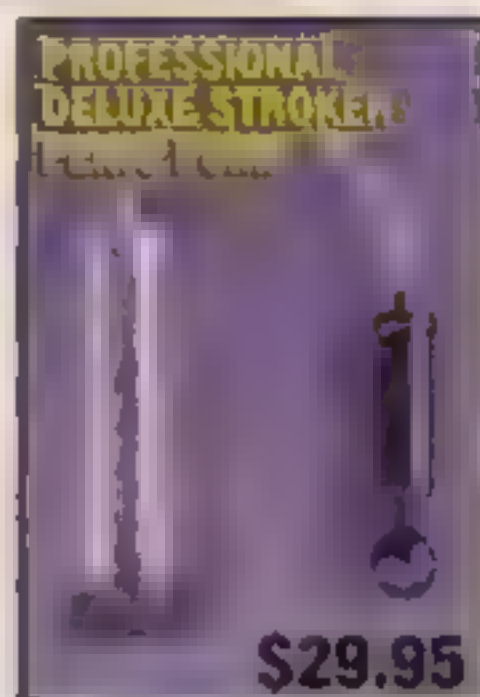

Even when the pump is not used the penis "hangs" thicker and longer.

As an added bonus, we include **FREE** the Dr. Bross Penis Enlargement Photo Album and Penis Enlargement video. Actual photos and videos of users enlarging their penis.

Hot Letters

(continued from page 43)

A hot, golden stream burst from Eri's muff and sprayed against my bare chest. A torrent of the bladder juice followed, streaming into my mouth and down my belly. I came buckets.

She sobbed, "Yes. Yes, I'm your ugly fucking fuck pig!" Something about that well-worded sentence really made me want to spurt all over her back. I grabbed Sheryl's haunches and slammed every inch into her dribbling gash. We came simultaneously; I uncorked her cunny to shoot a load straight up between her shoulder blades. Sheryl fell asleep while still wearing her paper bag.

The next morning, I rolled over and looked at Sheryl unmasked...and almost screamed in terror. She was even hotter than I thought! Great. Now every time I get laid, I've got to outdo Sheryl, a foxy, beautiful redhead with big tits. Hey, HUSTLER, are any of your models available?

—E. B.

Groton, Massachusetts

FISHY-WASHY

Lesbians don't like to go out on New Year's Eve. There's a sapphic tradition that has been a closely guarded secret for many years: At midnight, lesbian lovers kiss each other's pussies. We don't talk about it much, because those of us who munch rugs don't want to be judged by our sexuality. Behind closed doors, we're all a bunch of snatch addicts who can't go five minutes without getting fisted, taking golden showers or performing perverted acts on our dogs—which, by the way, all lesbians own.

Just ask my girlfriend, Eri. She's the horniest little tart I've ever dated. The half-Asian, half-black beauty just turned 19 years old; so she's still in the novelty phase of lesbianism. She constantly wants to shock the neighbors by giving me rimjobs with the blinds open. At 23, I'm quite a bit more experienced, but no less hormonal. What can I say? I love submitting to the teenage slut's every perverted whim.

Eri was particularly looking forward to partaking in the secret New Year's ritual she had heard my friends discuss. At 11:50 p.m., I came back from the kitchen with my umpteenth beer and couldn't find her anywhere.

"I'm in the bathroom," she announced. The door was locked. I was infuriated. Usually I don't mind Eri's pranks, but the midnight 69 is important. Without it, we could have bad luck all year. Or turn straight. I pushed hard and finally forced my way in.

The sight that greeted me sent a chill down my spine that started a fire in my loins. Eri's long, slender, caramel legs were spread over the sink. She held a razor in one hand and a can of shaving

cream in the other. The dark pubes that crowned her cute vertical smile had disappeared. With a hand-in-the-cookie-jar expression, she returned my hot gaze.

"I wanted to make sure my pussy was nice and sparkly-clean for you," she whispered. "So you would remember how clean and sweet I am and never want to leave me." I knew the kid had abandonment issues, but I didn't realize she was so profoundly insecure. That's a good thing; this year, I can bring all my friends home to eat her. At that emotional moment, all I wanted to do was help Eri rinse off her sugary coochie. I ran some warm water and splashed the fluid between her thighs.

Eri sighed and threw her head back. The sensation was making her absolutely fucking crazy. I knew, because her big nipples grew stiff so fast. I sucked on one of the chocolate nips while Eri unbuttoned my shirt, then played with my C-cup breast.

"That's a good girl," I cooed, splashing the water over her young poontang. "Just relax....Mommy's going to take all her clothes off." I slipped out of my jeans while still keeping up the water treatment and sucking her weighty teat. Eri moaned as my mouth traveled down her flat belly. My fingers glided to my own slit and

gougued at the sopping interior, and I diddled my clit with fervor.

"The water is so warm," she dreamily panted. "Relaxing...every muscle in my body...I'm going to...." She took a sip from my beer; the kid must have downed eight already. I hoped she was bombed enough to finally accept my fist. My tongue tickled her clit, and Eri howled: "Oh, shit! I'm going to piss!"

Without any further warning, a hot, golden stream burst from her muff and sprayed against my bare chest. A torrent of the bladder juice followed, streaming into my mouth and down my belly. The added lubrication allowed my fingers to explore my hole deeper than ever before. I came buckets...and swallowed a gallon.

When the trickle dried up, Eri was terribly disappointed. Midnight had come—and so had I—but she was pissing down my throat instead of chowing on my carpet. She claimed she'd do anything to make it up to me. I told her to stop crying, grab the Crisco—and don't forget to bring a rubber glove.

cock therapy

PHOTOGRAPHY BY FLAMINGO PHOTO

"My family keeps trying to put me in therapy," scoffs compulsive fucker Denise. "I don't need a shrink. I already know what my problem is. I crave dick. Constantly. That's not an issue I'm going to work out by lying on a couch—not in a psychiatrist's office anyway."

Practicing her own form of therapy, Denise probes her deepest recesses and locates the source of her turmoil. Resolution bubbles to the surface in briny waves.

"These individual sessions are fine for a quick fix," opines the blond self-healer, "but I much prefer group therapy. Interpersonal dynamics bring on the most profound breakthroughs—and orgasms."

**YOU TOO CAN GO FROM MINISCULE to MAMMOTH
& HAVE ERECT MEASUREMENTS UP TO 12 HUGE INCHES!**

SIZE DOES MATTER!
EVERY DAY SINCE 1965 MEN
IN 68 COUNTRIES ARE USING
THE SUPRA-12 SYSTEMS!

**WORKS ON NATURAL PRINCIPLES...
NO GUESSWORK... NO MUMBO-JUMBO!**

The male erection is produced when blood flows into the special bulbocavernosus muscles inside the penis shaft. As these muscles fill, the penis increases in diameter and thickness. By increasing their capacity as the SUPRA-12 does, they can hold more blood, resulting in a **DRAMATICALLY LONGER, THICKER ERECTION**. Users of SUPRA-12 say they're "truly astounded" when they see their penises reach startling new proportions inside the chamber of the SUPRA-12. And you will be, too!

THE SUPRA VALVE & SENTRY PROLONG RING ARE FEATURES NO OTHER MANUFACTURER OFFERS!

Getting a huge, fat erection is one thing... keeping it is another! That's where the features of the SUPRA put it miles ahead of its competitors! The patented SUPRA Valve "locks in" the vacuum power for the biggest size possible in the shortest amount of time. Don't be fooled by claims of "more vacuum." Too much can cause medical problems. Every SUPRA-12 pump passes stringent quality control and is tested according to medical standards - no more - no less. And with the SENTRY Prolong Ring, you can stay as hard as you want, for as long as you want. **IMPORTANT!** All professional medical vacuum pumps (including \$500 models) include prolong or tension rings. Our Sentry fits any size penis, and there is no hassle in removal or pulling of the pubic hair as in others. The nearly invisible SENTRY rests comfortably at the base of your penis, maintaining your dynamic "super erection" indefinitely, but never interfering with your pleasure - EVER! You can penetrate your sex partner deeply, enjoying intercourse more than ever before, because the Sentry **GIVES YOU COMPLETE CONTROL!**

**SAFE & EFFECTIVE...
AN INCREDIBLE VALUE...
5 MODELS TO CHOOSE FROM!**

According to U.S. News and World Report, our Vacuum Pumps and Erection Rings are "simple, safe and effective" (8/24/92). The SUPRA-12 is the World's Best Selling line of Penis Enlargement and Erection Building systems, and at a price that is an international "Best Deal!" Similar systems, when prescribed by physicians, can cost between \$300 to \$650 or more! That's why the SUPRA-12, with the patented SUPRA Valve

SNOWY SNATCH

Just like snowflakes, no two pussies are exactly alike. Sample the infinite variety in the February 2000 HUSTLER. A sultry, wet brunette is an open slice of spicy delights as she scrubs the floor naked on her hands and knees. The sign in the puddle reads, CAUTION: WET WHORE. Snakes in the grass are no match for two lesbian blondes. The fair-haired maidens are so transfixed on coochie pudding that they pull to the side of the road for mutual sexual gratification. Sinful cunt-lappings next to their car provide a pussy feast that is *mm-mmm* good. Taste the snowy snatches on your tongue before they melt in the February 2000 HUSTLER.

TOUGH BREAKS

Professional boxing is a sport where two equally matched fighters face off in a game that requires strength, skill and bravery, right? Not always. Mismatches occur where the fighters' abilities are so lopsided that one might even run laps around the ring just to avoid being hit. Many are pummeled beyond recognition for chump change. Known as *tomato cans* in the field, these ultimate losers may be little more than human punching bags; yet they have been an indispensable part of the sport for an eternity. Why do loser fighters bother to climb into the ring at all? Find out in *Dead Man Boxing*, HUSTLER Reporter Richard Linnett's exposé of the bloody world of pugilistic mismatches.

LADY LOVE-SPURTS

Many women claim to jizz with the same messy intensity as men. These women assert that when properly activated, nookie nectar sprays freely in a torrential downpour of milky glaze. Some men are threatened that women can share equality in climaxes and deny that such outpourings even exist. Is female ejaculation a sexual myth or an orgasmic reality? Find out the answer to this and other juicy questions in HUSTLER's February *Sex Play*, "Female Ejaculation: Fact or Fiction?"

CUNT-CICLES

February 2000's HUSTLER also offers sweet cunt-cicle treats. Suck on the tasty charms of the next giant of the porn industry: Bridgette Powerz. Bridgette may only be three feet, ten inches tall, but the dirty little vixen can outfuck all the other girls featured in February's *Erotic Entertainment*. Need privacy with man's best friend? HUSTLER's *Bits & Pieces* introduces affordable accommodation at Beast Western hotels. For those who hunger for slippery neighborhood nookie, there's HUSTLER's *Beaver Hunt*. Behold the ice princesses with dripping-wet cunts in the February 2000 HUSTLER.
